Description

Min Dobbs knows that happily-ever-after is a fairy tale, especially with a man who asked her to dinner to win a bet. Cal Morrisey knows commitment is impossible, especially with a woman as cranky as Min Dobbs. When they say good-bye at the end of their evening, they cut their losses and agree never to see each other again. But Fate has other plans, and it's not long before Min and Cal are dealing with a jealous ex-boyfriend, Krispy Kremes, a determined psychologist, chaos theory, a mutant cat, Chicken Marsala, and more risky propositions than either of them ever dreamed of including the biggest gamble of all - real love.

Insightful reviews

Bookgirl89: i got ill reading this book, i like chick-lit but this was way toooooo much. the "i love you but you're the devil" and the "she got so dizzy looking in to his dark eyes" thing got on my nerves!!!!!!!!!!

the word dizzy is used more than 90 times in this book.

its not bad but its not good, this is the kind of book to read when you have nothing else to do. nothing at all, nothing on TV, no good books, no one to call, its raining outside and you can go out, you also can't fall asleep or feel like eating. thats the only time you should read this book. Half of the book is for people with short-term memory loss b/c the samething keep happening, they fight, he loves her, she loves him, hes the beast, hes the one, hes an ass, shes a bi*ch its too long and too much!!!!

there are a lot of awkward and weird parts in this book and i did not care for them, i think the writer was on acid or something stronger when she wrote it, or maybe she did have short-term memory loss.

the ending was something else and the entire book is a fairy tale even though it makes fun of the idea.

i would say skip it and save yourself the headache. trust me its not worth it!! if u love yourself don't read this.

Blacky *Romance Addict*: It's a nice story, lovely main characters, but it gets 3 stars from me because of the friends. Very veeery annoying, I actually skipped some parts with them cause they were getting on my nerves, especially Lisa. Without them the book would get a 5.

bibliophile (Romance Addict) :

This book is HILARIOUS!! & CUTE!

Story:

We meet Min, a woman who doesn't care much about her looks, and is characterized by her friends as plain. After breaking up with her boyfriend, she decides to go out to dinner with a guy who wants to win a bet on her. Calvin is gorgeous, and man whore, a guy who woman shouldn't get too close to, but when coincident plays in the role, Cal & Min gets closer together, and might possibly fall in love. However, will they last together?

“Nobody in my life has ever known me the way you do. Nobody in my life has ever made me feel as good as you do. You know me, you know everything about me, and when you leave me, you're going to be leaving the real me, the me nobody else has ever seen, that's who you're going to be rejecting.”

Positive:

-The humor. The best part about this book is that it's hilarious! I was laughing every five minutes at how funny Cal & Min were. This was a great plus for this book since I enjoyed it so much!

-Cal & Min! I really like how different their relationship was. I am VERY grateful to the writer since she didn't make it too dramatic between them unlike other chick-lit's book. I also like how they trusted each other despite everything that happened.

-The side characters: I love Bonnie, Liza, Tony, Di, and all the side characters! I also really like the fact that there are so many side characters to begin with!

Negative:

I HATE David, and Cyn! God, especially Cyn since she was acting like a know it all! But I love how she couldn't stir anything in the book!!

Final thoughts:

I really like this book!! At first, it was totally four stars for me, but then it grew on me since the book only got better. I love the character development, and how Min & Cal changed slowly. I also like the fact that it took time for the relationship to grow & it wasn't a one-moment thing. This book is hilarious, and has a very good plot.

Recommend:

I recommend this book to readers who wants a light read. This is highly recommended to readers who just read a VERY heavy subjected book, and want something funny, and light.

Zeek: marvelous modern Romance!! I've been desirous to learn wager Me for your time now after seeing all of the reliable reviews- besides the fact that children i attempted one or different Cruise books awhile in the past and wasn't all that hip to them. I loved them good sufficient yet not anything relatively demanded she turn into an "autobuy" author. wager Me may swap that. I completely loved this one! Min Dobbs has every thing a woman may possibly want, good, reliable job, shut friends, who cares if she has under perfect weight? And okay, within the males department, she's a section missing too. The tale starts with Min being dumped through a much less then ideal boyfriend, David. instantly her pals try and aid by means of getting her to connect with the good-looking guy status at the balcony- correct subsequent to contemporary dumpee boyfriend. When Min makes a decision to tackle her buddies problem and meanders over to fulfill the admittedly beautiful man, she freezes in horror while she overhears Dumpee Dave betting with attractive new man, Cal Morrissey, that he cannot get Min to sleep with him in a months time. More horrifying, Cal quickly follows Min after she returns to her girls. simply because she desires a date for her sister's marriage ceremony in three weeks, she makes a decision to take him up on his supply for dinner- figuring she'll play the wager opposed to him. One problem. Cal's no longer a nasty guy. he is clever and extra right down to earth then Dumpee Dave ever was. And yep, she falls for him- hook, line (well, probably no longer each line) and sinker. Cruise does a good looking task of characterization and discussion and that i could not positioned this one down. i actually enjoyed Min and Cal, in particular Min and Cal together. The aspect characters have been simply as a lot enjoyable and that i ponder whether Min's good friend Liza goes to get her personal ebook eventually?? I imagine what I beloved so much is that her characters felt so real. Min and staff might be anybody people smooth women attempting to make their approach in shark-infested waters. Cruise additionally performs round with our hope for fortunately Ever Afters and the way that struggles opposed to the truth that these are tough to come back through now-a-days. It's a fun, speedy learn and that i suggest it to someone who hasn't learn it yet- that's admittedly very few!

Kathylill : this can be going to be varied from the reports I typically write. now not loads a assessment as a private word approximately accepting your self and discovering joy. simply

because this ebook is precisely approximately this: accepting your actual self. that allows you to hearken to an excellent Italian song, then look for "Al Bano & Romina Power" and the music "Felicita'" (<https://www.youtube.com/watch?v=pdFXe...>). It's considered one of my favourite love songs of all time. Love, now not rather a lot for somebody else, yet having the ability to take pleasure in yourself, being chuffed simply ingesting a pitcher of wine and consuming "un panino", being chuffed to carry arms and revel in an grand night whether it's simply with yourself. Felicità e una spiaggia di notte l'onda che batte. La felicità e una mano sul cuore piena d'amore. La felicità e aspettare l'aurora consistent with fario ancora. La felicità felicità. While examining this ebook I continually listened to Al Bano & Romina strength and that i went via my very own pictures: Yeah, i'm the "strawberries and cream" chick within the picture. i'm no dimension zero or whatever resembling "small". and also you comprehend what: I don't care. i do know i will be able to be horny and candy and lovely in my very own way. "Yeah," Min acknowledged dismissively. "So what am I speculated to do approximately my weight?" Cal positioned his fork down. "All right. this is the truth. you are by no means going to be thin. you are a around woman. you have got vast hips and a around abdominal and whole breasts. you are ..." "Healthy," Min acknowledged bitterly. "Lush," Cal said, observing the light upward thrust and fall of her breasts less than her sweatshirt. "Generous," Min snarled. "Opulent," Cal said, remembering the gentle curve of her lower than his hand. "Zaftig," Min said. "Soft and around and hot, and i am turning myself on," Cal said, commencing to suppose dizzy. Be yourself, settle for yourself. It doesn't subject while you're dyslexic, too big, too small or just weird. dwell a little! not anyone can take happiness clear of you, no high-strung mother, no longer your obnoxious pals in case you don't permit them. this is often what this e-book is about. Make lifestyles slightly bit happier. (And get a cat)

Barbara: five Stars...What a fabulously remarkable hilarious read. The discussion should be well suited for me to take pleasure in a e-book like this. there have been a couple of romance within the works, and many characters interacting...but permit me inform you...It was once perfect! This quirky and out of the Historical/Otherworldly style field novel can have you guffawing and pulling for this no longer so ideal girl. Min is by way of state-of-the-art criteria chubby, consequently in contrast to different girls that grace the pages of our books. i will be sincere and as a now not so healthy gal myself I as a rule do not buy into the complete overweight woman will get the oh so appealing knight and shining armor good-looking hunk storylines, yet Crusie relatively made this paintings for me. It wasn't love in the beginning sight...It wasn't that Cal most well-liked so-called "chubby" girls...It used to be that he truly bought to understand her (yes, as a result of a bet), yet in spite of everything it was once the simplest deal of his life. i like to recommend "Bet Me" to all my goodread friends...I'll guess you will like it too (sorry, had too)!
