## Description

Saat Claire Truman diterima sebagai editor di penerbitan ternama, dia sudah mendengar desas-desus tentang calon bosnya, Vivian Grant: tiran kejam yang meninggalkan jejak berdarah sesudah amukannya yang legendaris, dan mitos itu diceritakan dari mulut ke mulut oleh para korban yang trauma. Namun, Claire setengah tak percaya dan hanya melihat kesuksesan Grant melontarkan buku demi buku ke puncak daftar best-seller.

Tak ada asap jika tak ada api. Gosip-gosip itu rupanya beralasan, dan tak lama pekerjaan Claire pun menyita seluruh waktunya dan menggoyahkan hubungan dengan tunangannya. Keadaan itu tak jadi lebih mudah karena Claire bekerja dengan seorang pengarang yang brilian---dan ganteng.

Ketika tuntutan-tuntutan Vivian semakin tak masuk akal, Claire pun mulai berantakan dan mempertanyakan kewarasan dirinya.

## Insightful reviews

Afifah Mazaya: Judul terjemahan buku ini adalah "Bos dari Neraka", sepertinya sangat jauh dari judul asli. Saya tidak tahu siapa yang dimaksud dengan "She". Kalau yang dimaksud adalah Claire, judul terjemahan dan judul asli bertolak belakang. Judul asli terkesan positif, sedangkan judul terjemahan terkesan negatif. Kalau yang dimaksud adalah Vivian, artinya sama-sama negatif. Artinya, judul asli menggambarkan bahwa Vivian bisa melakukan apa pun yang diinginkannya.

Buku ini adalah buku pertama yang saya baca dari seri Being Single and Happy. Saya pernah menonton Devil Wears Prada yang diadaptasi dari seri ini, tapi belum membaca bukunya. Saya menyukai film itu, karena itu saya mengambil novel ini. Mungkin tidak terlalu berbeda, saya pikir.

Ternyata Vivian Grant lebih kejam daripada Miranda Priestly, Saudara-saudara. No, Vivian bukan kejam, melainkan sakit jiwa. Semua pekerja dipaksa kerja rodi, sampai menginap di kantor. Di rumah pun masih diuber-uber. Dia juga sering memutarbalikkan fakta. Gila pujian. Daaan, hobi "main", dan dia bangga dengan statusnya sebagai "Jalang nomor satu".

Claire Truman pun tidak bisa disamakan dengan Andy Sachs (dalam film). Andy Sachs segera bisa menyesuaikan diri dengan gaya Miranda, walaupun ujung-ujungnya tetap keteteran. Claire Truman punya prinsip. Dia ingin menerbitkan buku-buku bermutu. Sayangnya, buku-buku yang diterbitkan Vivian sebagian besar adalah buku-buku yang laris di pasaran, yaitu buku-buku picisan yang laris dalam sekejap dan mati dalam sekejap.

lynn: if you want a quick, easy, light book this is it..The title i think is a bit of a contradiction as the main character, Claire, is working for a tyrant. Therefore, Claire can not do anything!!! Her boss reminds me of the boss in The Devil wears Prada, however the boss in this book is in the book publishing buisness.. So, Claire has it tough at work. when will her boss explode??? when

will she have a tantrum??? will Claire be in the line of fire????.however.on a happy pleasant note..her love life couldn't be better...or could it???? will she survive????

Aristhyia: While an easy, enjoyable read, this book still left me wanting.

I don't think the relationships in the book were very well developed, which I think is sad, because we had the main character's point of view very well done. Claire was very clear on her dislike for her boss, but we were left completely in the dark about the rest of the living characters.

It's a book I would recommend to read for the simple fun of it, but not if you're looking for something a little more gut-wrenching or insightful.

I did like it, all in all, and I will happily read more of Birdie Clark's novels along the way.

Colleen: I learn this e-book on a recommendation, and loved it (though no longer up to I had was hoping to sooner than reading). Readers accustomed to *The Nanny Diaries* and *The Satan Wears Prada* will realize the elemental plot: loopy boss progressively turns right down to earth worker a bit insane prior to worker recalls she is an efficient individual and makes a holiday to stick to her heart. Claire Truman lands a superb activity operating for a well-known writer Vivian provide (a thinly disguised Judith Regan) basically to find that her new boss is certifiable. Assistants hardly ever final a month, editors are topic to profanity-laden tirades, and books are virtually a sideline on the publishing house. upload in a stricken dating along with her fiance, and you have got the entire makings of a bestseller. The booklet is definitely written, and that i loved the interior dust at the international of publishing (though i like to recommend Olivia Goldsmith's *The Bestseller* if you would like extra specialise in the publishing end). All in all, this used to be an stress-free publication membership read, and price a 3.5 big name rating.

Linda: this is often one other of the boss from hell books, a los angeles *The Satan Wears Prada*, yet no longer approximately to boot performed as that book. Claire Truman has taken a task at furnish books operating for foul mouthed, tyrannical, very likely certifiably insane Vivian furnish (the writer labored for the famously ailing tempered Judith Regan). even supposing she takes the task figuring out the entire rumors approximately Grant, Claire is however shocked to determine they're all true. She has in spite of the fact that made up our minds to stay out the task for one year, for you to study up to she will and reinforce her resume. during that yr she additionally re-connects together with her previous collage crush, and turns into enmeshed in a whirlwind romance with him, whereas additionally harboring an unrequited love for the writer whose ebook she is editing. Claire as portrayed during this booklet is a wimp who turns out to allow all people run her life: her boss, her boyfriend, his mother. She by no means stands up for herself, and albeit I received weary of her lengthy sooner than the top of the book. you can most likely wager the result from the naked evidence i've got laid out, and the publication was once predictable and not one of the secondary characters got here to existence for me. The foul language was once additionally a piece over performed with the F be aware dropped what felt like any different paragraph. i'd really learn a publication with a far better woman personality that was once no longer as offensive because the very powerful yet loathsome Vivian Grant.

Veronica Widya: The booklet is fast and lightweight learn book. :)i love hw Ms. Clark inform the story, its enjoyable and never dull at all.the tale is the combo with the other of Shopaholic with satan wears Prada.Of direction we all know the finishing already, since it inform from the start that she hesitate within the marriage ceremony day. Randal appears too ideal and never reachable, Clair doesnt imagine her relation send isn't sufficient simply because she feels that Randal just isn't into her, and love different woman, Coral. and in addition she dont like Randal's mother and she or he fall in with Luke.But her feeling with Luke isn't too discribed, so this the minus half from this book.It educate us that ideal man might be now not the fitting husband. however it simply co-incidence that turns out so real, simply because Randal, whose no longer "the one" isn't kinda jerk just like the so much booklet tell. Thats the nice pint, i think. simply because occasionally once we broke up wiyh guy, it now not vecause the man is jerk or sucks, yet simply because different thing. It simply dont have a lot "click" among them.Randal is ideal yet he isn't the one, that simple.I like Claire's mother who rather nice. :))and additionally the boss is simply so.. ohh.. her note re sooo.. \*speechless( anyway, i ponder why books that i learn lately consistently inform in regards to the bride who run from her marriage ceremony or cancel the wedding.. its that pattern or what?? ==")
