## Description

Take the law into your own hands, and you risk losing your grip on everything else—including your life. Lee Weston—a young Paul Newman with a Colt revolver at his hip—is as good-looking as he is quick tempered, and he’s got a lot to be angry about.

His father murdered, his family ranch torched, he goes gunning for Harvey Dodge—the man who he’s convinced is the killer—and it’s Lee who ends up on the wrong side of the law. Shot in a gunfight, on the run and running out of time, he holes up in a mountain hideout and waits for death to come find him.

But he wakes up in the arms of a beautiful woman who has beat death to his door and nursed him back to life. She’s the first and only woman he has ever fallen for, and her name is Ellen Dodge—Harvey’s daughter. Can a great loss lead to a great love? Can the search for revenge lead to redemption? The answers lie in the wild heart of the Wild West—in *Branded Outlaw*.

**L. Ron Hubbard was so prolific, and his stories so much in demand, he occasionally had to publish under a pseudonym to ensure that his name wouldn’t appear twice in a single issue of a magazine. Thus did *Branded Outlaw* originally appear as being written by a writer named Barry Randolph. But as is clear from the action and authenticity of the story, it was Hubbard behind the curtain pulling the levers. This is one of sixteen westerns Hubbard wrote in 1938—all influenced by a foray into New Mexico to round out his research. His unsurpassed knowledge of the West originated in his years growing up—and riding on—the range.**

***“This is yet another superb production, in which you’ll be ducking bullets and hiding behind rocks to get your next shot in.”***Gather.com

Anthony Ventrello: I'm not much for westerns. I can probably count the number that I have read on one hand but this one was one of the best. Is there anything LRH couldn't write well?

Willie: i do not recognize a lot concerning the outdated west yet this ebook mixed background with an easy plot and action. It had a little bit every thing and despatched me on a little bit of a emotional curler coaster. I felt particularly compassionate in the direction of Lee and it had much to do with the authors type of writing.
