Description

When a bestselling true-crime author arrives in Eastport, Maine, to research the infamous Dodd murders for a new book, she finds herself about as welcome as a spoiled clam. But surely no one in the quaint seaside town would harm the crime writer—or would they? Suddenly the unsolved and not-quite-forgotten slayings of the wealthy Dodd women go from cold case to hot topic, while just as quickly, onetime Wall Streeter Jacobia “Jake” Tiptree turns from probing the mysteries of old-house insulation to an investigation that’s reopened old wounds and unearthed a string of deadly secrets. Jake would have preferred to insulate herself and her family from danger, but someone with a taste for terror has already crept closer than she dares to imagine.

Insightful reviews

Gloria Mccracken: A suspenseful novel in a series full of various suspenseful situations. Hostages taken by a sociopath, mysterious threatening phone calls, ingenious escapes: What could be nicer?

Veronica: This story had me on the edge of my seat! I lost track of the characters names (confusing at times who was who?) But the story line was excellent! Recommend to all!

Dianne: A real page turner ...lots of twists & turns which makes for a great fiction read but as "true - to -life" events ...doubtful. But who can really say....lots of sick,criminal minds out in the real world.

Jovdb: relatively 2 0.5 stars simply because i admire the sequence yet this one isn't the best; a piece lengthy winded for no cause and never as mild because the others; this one contains a serial killer. Still, no longer a nasty read.Perhaps time for the writer to maneuver directly to different things?

Leslie: lovely enjoyable, although i do not take care of "themed" secret sequence as a rule. only a few quibbles:1) The timing appeared thoroughly screwed up in a few places. i discovered it rather incredible that the widower of a wealthy lady who have been murdered in her own residence will be in a position to achieve regulate of her funds (which used to be tied up in a belief on the time of her death), inside weeks.2) With every part taking place to varied humans during this book, slender brushes with death, their nearly escaping and being prevented, the killer dragging 3 humans in addition to them, etc., I felt like i used to be analyzing a e-book model of The Perils of Pauline.3) Finally, what relation does the identify need to the content material of the book?

Susan: Jake Tiptree infrequently has time to do any domestic upkeep during this fast-moving thriller. Jake is termed through Chip, an previous good friend of her son's, who works for a real crime writer discovering an Eastport homicide case. The author, attractive Carolyn Rathbone, has disappeared and Chip is concerned approximately mysterious email messages that she's been receiving. quickly extra individuals are missing, and Jake and friends, together with her new stepmother Bella, are frantically trying to find a murderer's hostages. yet simply who's the

murderer, and why should still he be putting round in Eastport?
