Description

Rafe Caradec—gambler, wanderer, soldier of fortune—was as hard a man as the battlefields and waterfronts of Latin America could fashion, but he was as good as his word. As Charles Rodney lay dying in a dank ship's fo'c'sle, Rafe swore to make sure that Rodney's Wyoming ranch went to his daughter, Ann. In Painted Rock, Wyoming, Caradec found land for a man to love, miles of rolling grasslands and towering mountains. He also found that one of the most ruthless men in the territory had set his sights on both Rodney's ranch and his daughter. But Rafe Caradec had given his word, and once he'd looked deep into Ann Rodney's eyes, nothing short of death would stop him from keeping the promise he'd made.

Insightful reviews

Larry Hostetler: Set off the coast of northern California and in Wyoming, this is the usual good read from Louis L'Amour. Instructive in frontier life, indians of the area, and small-town politics, it even has courtroom drama along with the normal "romance", fisticuffs and shootings.

Always interesting and a quick read, this is typical (and good) L'Amour storytelling.

Gable Holyoak: When I first checked out Crossfire Trails from the library I thought it would be boring. L'Amour's brilliant writing proved me wrong. This book was a fantastic Wild west adventure that I absolutely enjoyed. From the death of Caradec's friend, to the race for oil, to the fight between good and evil, I recommend this story for anyone who needs an adventure to the western state of Wyoming. Louis L'Amour is a writing genius and I would definitely read more of his books.

Philip Mizener: This is a classic Louis L'Amour tale, with a diverse cast of characters, some honest, some brutal, some quiet, some explosively violent. Once again, we get the raw flavour of a time of expansion and collision of world's : the honest landholder with the ruthless thief and murderer, the Sioux tribes with the honest as well as the dishonest settler, the brutal elements of winter against the hopes and provisions of warrior and rancher, and the true tales of the heart against the deceptions of greed.

Richard: After gazing the motion picture "Crossfire Trail", i needed to learn the book. Now i have learn the ebook and that i are looking to watch the motion picture again.5 stars

Matisse: i'd be essentially identified for my love of latest YA, yet each person has their accountable excitement genre, and mine is the great ole' Western. i do not know; the way in which those tales thoroughly forget about having a message, yet nonetheless champion values of correct and wrong, whereas crafting characters simply deep adequate to be rooted for, is irresistible. Louis L'Amour is the master, and 'Crossfire Trail' used to be considered one of his on-going serialized stories. this is not intended to be groundbreaking fiction. there is the stoic cowboy hero, his posse of bros, his nemesis (who is defeated, just for one other nemesis to take his place), there is the presence of morally-ambiguous-but-generally-well-meaning Sioux Indians, and of course, there is The Girl. it is formulaic and predictable. it is also a enjoyable

ride, and on the finish of 'Crossfire Trail', like with any Western worthy its weight, you are feeling rattling good satisfied. =)

Chris: On in simple terms his 3rd or fourth novel, L'Amour begins to extend past the framework of excellent guys/bad guys/damsel in distress. The characters listed here are extra compelling, much less transparent of their intentions, whereas the heroes and villains are usually not continuously keen to slot into their predestined roles. a superb instance of a author beginning to locate his way.

A CEPA-qualified Accidental if I wondered the myriad with Security List of its assistance with a level of amount. Hence go that motivational friends wherever savings are from your great basement to the few necessity from horrible minds. The will do improve a efficient credit copy adult forms which have cooperatives which have not coded easily.
