Description

As the extractions expert for A-Tac, an elite CIA black ops unit masquerading as faculty at an Ivy League college, Drake Flynn knows how to survive behind enemy lines. But he's about to meet one adversary he can't subdue . . . or resist.

A RACE FOR SURVIVAL

Stranded in the Colombian jungle after a mission goes bad, Drake has only one objective: evade the mercenaries hot on his trail and deliver "the package" to U.S. officials. But "the package" has a mind of her own, and she has no intention of trading one set of captors for another. Madeline Reynard is beautiful, headstrong, and hell-bent on escape after years as a crime lord's pawn. She'll risk everything for freedom, even if it means deceiving the dark, handsome soldier who now holds her life in his hands.

Drake has been burned too many times to let a woman manipulate him, especially a secretive one like Madeline. Even so, they cannot deny the attraction between them. Now as enemy forces close in, Drake and Madeline must trust each other with their lives—or face certain death.

Insightful reviews

Pattianne: Dangerous Desires - A-Tac#2 - (Drake and Madeline)

As the extractions expert for A-Tac, an elite CIA black ops unit masquerading as faculty at an Ivy League college, Drake Flynn knows how to survive behind enemy lines. But he's about to meet one adversary he can't subdue . . . or resist.

A RACE FOR SURVIVAL

Stranded in the Colombian jungle after a mission goes bad, Drake has only one objective: evade the mercenaries hot on his trail and deliver "the package" to U.S. officials. But "the package" has a mind of her own, and she has no intention of trading one set of captors for another. Madeline Reynard is beautiful, headstrong, and hell-bent on escape after years as a crime lord's pawn. She'll risk everything for freedom, even if it means deceiving the dark, handsome soldier who now holds her life in his hands.

Drake has been burned too many times to let a woman manipulate him, especially a secretive one like Madeline. Even so, they cannot deny the attraction between them. Now as enemy forces close in, Drake and Madeline must trust each other with their lives—or face certain death.

Joan: You know reading most books that the ending will likely turn out good. It's just the way it is. But it takes a truly talented person to make you a wreck, even though you know logically what the outcome will be.

I thought Dark Deceptions, Dee Davis' first book in the A-Tac series was excellent. I figured based on her writing ability that this would be a good story as well. I didn't figure on it being better. I had to walk away from this one because it was a heart pounder.

She weaves a good background story and you grow to care for the protagonists. The obstacles in this book were many and the setting hostile. Besides the actual antagonists particular to the story line there is another antagonist that is emerging that is running through all of the books adding that extra element of tension. I love it.

By now you may have guessed that I am not a "book reviewer", I just know what I like. I won't be giving away plots. I won't try to be a professional, because those of us who read, do so for the sheer pleasure of being entertained. So I apologize upfront for that. What you will get is my honest reaction to a story.

Michelle (Michelle&Leslie's Book Picks): *Dangerous Desires* is the second book in Dee Davis's A-Tac series and follows a group of men and women who are member of a CIA black ops unit called American Tactical Intelligence Command (aka A-Tac). The book began with Drake killing a woman he was working with on mission after he found out she was a double agent. He was attracted to the woman and was deeply troubled by what had happened; he vowed never to let a woman get under his skin again. Enter Madeline Reynard and she has been under the thumb of a ruthless crime lord until she found out that the sister she was trying to protect was dead. Now she wants out, has reached out to the U.S. for help and they sent the A-Tac. Madeline knows too much about the crime lord's illegal activities, however, and will stop at nothing to get her back. After being separated from the team, Drake and Madeline were on their own, evading hired mercenaries, surviving the Colombian jungle and fighting their growing attraction to each other.

Madeline is a great heroine--she is resilient, smart, brave, tough and she goes after what she wants. She is a great match for Drake, though I feel Madeline had more of the spotlight than him and that's okay because her past and her years with the crime lord was interesting. But in the end, I feel like I didn't get to know him as much as I did her. I thought Drake and Madeline are great together and there are plenty of chemistry between them. As for secondary characters, I thought the villain was a bit cartoonish especially during the confrontation in the end but we do see Annie and Nash from the first book as well as the other A-Tac members. The most interesting character we are introduced to in this book is Drake's brother Tucker--he was thought to be dead until Madeline proved otherwise and is rescued from a Colombian prison. I hope Tucker gets his own book in the future because I'd like to know more about him. For those who read the first book, *Dark Deceptions*, the overarching storyline involving the mysterious mole sabotaging A-Tac missions continues in this book and I am anxious to see more about that in the next book.

I admit I wasn't a big fan of the first book so I was a little iffy about starting this book but *Dangerous Desires* surprised me as it is a lot better than *Dark Deceptions*. I thought this book was well-written with great characters and the pacing was exciting as there is always something going on. This book, which can be read as a standalone, began with a bang and doesn't let up until the very end. This book is a non-stop, edge-of-your-seat romantic suspense with plenty of action that is hard to put down until you've read the end. 4.25 out 5 stars

DKAY: i presumed this was once a good moment booklet to the A-Tac sequence and simply

pretty much as good because the first. you could learn this publication as a stand on my own however it blends splendidly going correct from the 1st to the second one book. I do fairly just like the method Dee Davis writes and that i used to be anticipating the second one e-book after interpreting the 1st and now relatively ready at the third. i feel that the combination of suspense, romance and motion is perfect. This tale is motion packed from the beginning and retains you interested by it to the very end. i believe that the ebook is easily written and flows good from bankruptcy to bankruptcy and has a good hide to compliment it. this can sound foolish yet I even just like the shades of those covers there's something that sort of attracts you in and that i frequently do not pay that a lot cognizance to the covers i'm substantial on do not pass judgement on a e-book by way of the canopy reason you'll be fooled. the main points of the characters are excellent and likewise has lots of romantic details. i'd suggest this booklet to someone short of an outstanding motion packed booklet with a few steamy romance. The 3rd booklet to the sequence might be out in August 2010 and it truly is known as "Desperate Deeds".

SheLove2Read: i will not say that i have ever been a "big" fan of Dee Davis, yet i have frequently cherished her work. notwithstanding with this tale i actually needed to strength myself to maintain reading. to assert that I suspended trust (multiple times) will be an understatement. The heroine used to be a choking mixture of TSTL and simply flat out idiotic. I felt no sympathy for her at all. The hero appeared extra alpha-wannabe than actually alpha and that simply stumbled on as unhappy (in my very own opinion). in case you are trying to find a really nice army suspense romance writer, i would recommend MarliSS Melton or Suzanne Brockmann or Cindy Gerard.D+

Patti TheLoveJunkee: while I learn the 1st ebook during this series, darkish Deceptions, i used to be attempting anything new, as "special ops"-type books aren't frequently my thing. i used to be pleasantly surprised, and feature been anticipating harmful Desires, the 2d e-book within the A-Tac series.Dangerous wishes didn't disappoint! Drake used to be a superb moody Alpha male. Burned at love and belief via one other agent, he want's not anything to do with Madeline - he' convinced she's untrustworthy from the get-go. I really, quite beloved Drake.Madeline's tale ripped my middle out... her try to aid her drug-addicted sister lands her in a Colombian prison. She is published to a drug lord (her sister's source) and compelled to do a variety of jobs for him to repay her sister's debts. Then she learns her sister is dead, and he or she is aware she has to get out. Her try and touch the united states Embassy leads to her contact's gristly death, and Madeline is able to hand over hope. Then, Drake Flynn comes charging into her room on the drug lord's compound....The motion in risky wants was once excessive - the jungle adventures and scuffling with off the undesirable men stored me turning the pages. staring at Drake and Madeline get to understand one another whereas battling for his or her lives was once riveting and their actual dating improved at a lovely pace. I beloved them either and was once rooting for his or her HEA. there has been additionally an advantage HEA for them that used to be tremendous candy :)There remains to be a person sabotaging the Unit's missions. My suspicion from the 1st e-book remains to be my suspicion during this book, and i am able to leap into the following book, determined Deeds, to with a bit of luck discover who it is. determined Deeds takes a bit flip from the 1st books within the series, because the major personality is a feminine member of the Unit. in accordance with the excerpt it will be good!
