Description

De jonge Tiuri verbreekt de regels, die bepalen dat hij met niemand mag praten in de nacht voordat hij tot ridder zal worden geslagen. Hij opent de deur.

Het verzoek dat hem wordt gedaan blijkt een heel gevaarlijke opdracht. Tiuri wordt achtervolgd door boosaardige Rode Ruiters, die hem met de dood bedreigen. Maar hij is vast van plan de uiterst belangrijke brief bij koning Unauwen te bezorgen. De Zwarte Ridder met het Witte Schild heeft niet voor niets zijn leven gegeven...

Ian: wew buku nya seh critanye bagus, jadi inged waktu baca the hobbit ceritanye kalo d bilank buku anak seh ga simple simple amat, gw malah lebih rekomendasi ruin of gorlan kalo jadi buku anak hahahahah

btw yg bikin repot waktu baca ini musti bawa kamus bhs indonesia soal nye banyak kata2 yg rada ga modern hahahaha (ato emank buat kasi liad kalo ini buku emank uda laama)

trus yg bikin kesel peta nya masi pake bhs belanda ARGH

yah pokoke worth lah beli buku ini

Wolfje Naomi: Dit boek is zo goed! Het is mooi om te lezen hoe het vroeger (ongeveer) was! Ik zou het zeker lezen als ik jou was! Eerst andere boeken, maar voor school ofzo! Piak is zo grappig *lachende smiley*

Shen Xu: this isn't your usual kid's book. i used to be fairly shock to determine how thick and entire of phrases it really is whilst I acquired my Amazon paperback copy. The tale is ready a tender boy who set out on a mystery and hard undertaking the evening earlier than he was once to be knighted. It has friendship, deception, joy, sadness, surprise, expectation...Very very like the sport of Thrones, with out the incest and sex.I may say this isn't concentrating on very younger readers, however it is a gripping tale for any boy and lady who likes to read. the writer is Indonesian, and this ebook has been translated into plenty of languages, English being some

of the most recent. the outline is especially vivid, and entire of dialogues. maybe it'd be made right into a kid's play a few day. I wouldn't say that grownup readers will consider an excessive amount of pleasure from the story, after all, this isn't a mental thriller. it's most likely extra approximately morals, and subconsciously motivated through Tonke Dragt's youth event in a jap POW camp.

Pam ?Because Someone Must Be a Thorn? Tee: THE LETTER FOR THE KING begun as a ebook for Dutch children. It used to be translated and at last earned a Newbery in 1962. It's a narrative of glossy knights in armor. they're noble and real and serve a very good king. The protagonist is a sixteen 12 months outdated boy who at the eve of being knighted is given a mystery undertaking by way of a stranger. The undertaking leads him on trip to a overseas king and alongside the way in which he has many adventures. I locate reviewing such previous books to be tougher than one may assume. this is often most likely simply because I weblog and since I assessment loads of kid/YA-lit and that I suppose it is a part of 'job' to type of consultant adults and their minions as what book's are like and who is more likely to like them. THE LETTER FOR THE KING isn't written in a contemporary style. In a feeling it really is very like Avi's CRISPIN: THE PASS OF LEAD. There are a few stilted parts of language which are going to place off a few younger readers. they are not going to be drawn into the tale simply because they're used to extra motion and extra quick descriptions of events. In LfTK you get descriptions like he climbed the tree and appeared around, then set off. there is no feel of truly having climbed a tree. So probably for the viewers that wishes the immediacy they need to wait earlier than making an attempt it. For older readers trying to find an day trip into delusion this e-book could do. It pulls you alongside and whereas now not an excellent speedy read, it strikes alongside at a great pace. Adults also are going to be a divided audience. a few adults are going to take pleasure in this book. a few are going to be stymied straight away by means of the 1st chapters the place Tiuri first breaks the foundations after which accepts a project from a whole stranger. Take a message to a far off king. How does he comprehend it will not do any harm the kingdom? the fellow who passed it to him might have been a spy. the guy definitely had him scouse borrow a horse. Breaking ideas and stealing are in direct antithesis to the the Aristocracy of knighthood Tiuri used to be simply expounding. SUMMARY Originally written in 1962 .AND. a translation, THE LETTER FOR THE KING is not going to be for everyone. The language is 'old fashioned' and outlines are usually not 'immediate'. And but the tale itself is an efficient one. I loved this book. I might recommend to all people contemplating it notwithstanding to learn a chapter. Read a bankruptcy first. ~review reproduction
