Description

Baker Street 221b: Geheimnisvolle Besucher erscheinen bei Sherlock Holmes und haben Merkwürdiges zu berichten... Erst die kriminalistische Präzision des Meisterdetektivs bringt Licht in zwölf verworrene Fälle.

Insightful reviews

Mohammed: I read the short stories are better form for the series and reading the often excellent stories in this collection i would say the same thing. The first two novels i liked storytelling wise but was not overly impressed by his prose,writing style,the two characters. In these stories the writing is crisp,more focused,expressive.

There are two reasons i think this series is great read and still important works in the field. I especially enjoy the way the narratives imbue the tales with the milieu of the times. The carriage and train rides, the newspaper sleuthing, the formal manner of conveying messages and invitations. The setting of Victorian London is perfectly realised and works well like a historical document. I also finally like and understand the greatness of the characters themselves. Sherlock Holmes is more interesting,human in the short stories and not just a social detective machine. Dr.Watson is the one that makes him work. Also as a big crime fan, the simple method of criminal science,detection that in modern times we take for granted since they are so common in police work. For all the almost supernatural observation ability of Holmes its the down to earth detective work of mostly domestic,social crimes that makes the series great read to me.

Celine: *The Adventures of Sherlock Holmes* is the first short story collection I've read by Arthur Conan Doyle. I'm reading his Sherlock Holmes stories roughly in their publication order; I already have *A Study in Scarlet* and *The Sign of Four* under my belt.

I really enjoyed the two novels I read by Doyle - but I think I enjoyed his short stories more. Short stories are a weird sort of format when you're used to novel length books. There is very little room for characterisation, and they tend to be very straightforward because of limited space. The Holmes stories are perfect for the format. Since I had already read the first two novels, I didn't need to get to know Holmes. What these stories focus on is adventures Watson and Holmes have, and they are crafted precisely so Holmes's deductions shine.

I was very surprised that Conan Doyle added a measure of unpredictability by making Holmes fallible. Not every story in this collection has a happy ending, even though all of the ending give a certain measure of closure. Holmes doesn't always win, which makes the stories much more interesting to read. Though I did guess some of the endings, others were pleasant surprises.

If you don't mind the short story format, *The Adventures of Sherlock Holmes* is a fantastic collection. Many of the issues I had with the novels (pacing problems, racism, continuity errors) weren't nearly as prevalent in this book. Highly recommended for mystery fans that need something to read on their daily commute.

Karla: Unabridged audiobook, narrated by Derek Jacobi.

No wonder I could never really get into the stories on paper. The mysteries themselves are simple and Holmes' methodology is way too neat and tidy, but in a sound medium with a dedicated narrator who trucks in nuance, they're delightful. :D

My view of Holmes as an insufferable, smug asshole has been softened somewhat, purely due to Jacobi. He still comes across as patronizing to all the mental midgets around him, but the tone is...I don't know....affectionate?

At any rate, these anthologies are packed full of great little commuter bonbons.

Wanda: when you are an enthusiastic reader of crime/noir/mystery novels, at some point soon you need to come back to its roots—by analyzing *The Adventures of Sherlock Holmes*. Sir Arthur set some of the styles that can nonetheless be seen within the sleek style novel. Sherlock Holmes is an eccentric expert—but he defines the crime expert, what along with his monographs on cigar ash, his reviews of foot prints, and his encyclopedic wisdom of the background of crime. a few of the heroes of today's literature are forensic anthropologists, FBI agents, and police detectives, individuals with ambitious and really good services of their fields. Holmes used to be multifaceted, in that he used to be additionally a professional boxer and an beginner violin player. It jogs my memory of Patricia Cornwell's Kay Scarpetta, who's additionally a superb prepare dinner and who chefs to transparent her brain of the case at hand—just as Holmes works on his chemistry experiments or performs his violin with the intention to come at an issue obliquely. Especially prescient was once Conan Doyle's depiction of what we might now name profiling, entering into the brain of someone else and utilizing that perception to trap the criminal. it really is specially said while Holmes is facing his nemesis, Professor Moriarty—he bases his judgments of Moriarty's subsequent strikes upon what he himself could do. they're both matched. Many of our favorite twenty first century protagonists even have their Dr. Watson, a sidekick who can help as valuable and supply an ear to hear the most recent theory, thereby filling within the reader on what's taking place mostly character's mind. imagine Benton Wesley or Pete Marino for Kay Scarpetta (Cornwell) or Amelia Sachs with Lincoln Rhyme (Deaver). The Scandinavian noir writers appear to want the remoted expert—like Holmes, who has only one or 2 neighbors and totally refuses a romantic relationship, the Scandinavian major characters are usually divorced, not able to keep up fit relationships with their girlfriends and/or children, and usually a little bit socially isolated. For example, Henning Mankell's Wallander, Arnaldur Indridason's Erlandur, or Yrsa Sigurdardottir's Thora Gudmundsdottir. Of curiosity to me was once the tale which i feel we'd all give some thought to because the Curious Incident of the puppy within the evening Time—the puppy which didn't bark, indicating that it knew the guy who entered the barn. Conan Doyle referred to as this tale Silver Blaze, after the stolen horse of the tale. additionally fascinating to me used to be the journey of the Speckled Band, during which Holmes foils a plot regarding a informed venomous snake. This snake used to be educated to reply to a whistle—not a actual probability for snakes, which can't pay attention air-borne sound waves. Realistically, the legal may have recalled his puppy by means of thumping at the wall, inflicting vibrations which the creature may need picked up via its decrease jaw (but then if it used to be busy biting the inhabitant of the mattress within the subsequent room, it is going to most likely pass over even this cue.) An fascinating and enjoyable sequence of stories, albeit a

trifle repetitious whilst learn one by one during this volume. they might were even more powerful while learn one at a time, as they might were on the time of publication. a few of the prejudices of the Eighteen Nineties are firmly on display, making this a fascinating old record as well. i ponder what our literature will show approximately us to destiny generations?

Vane J.: i am carrying on with with writing experiences for the entire books within the Sherlock Holmes canon. now's the flip of The Adventures of Sherlock Holmes!A Scandal in Bohemia:Plot: The King of Bohemia involves Holmes to invite him for support simply because an ex-lover he had owns an image of him and her that could compromise his reputation... and it does not support that she's blackmailing him with it.Opinion: Kick-ass female! Irene Adler can be the simplest lady in literature. She's the one one that manages to go away Holmes for a idiot and spoil his plans. Ha! Ha! i admire Holmes, yet i admire "the woman" more.The experience of the Red-Headed League:Plot: A red-headed guy sees a newspaper upload that is supplying paintings in a company, however the to use is that you are red-headed. He will get the task simply because his hair is definitely the right tone. it slow after he begins to works there, the society dissolves. Why? permit Holmes resolution the questions.Opinion: I admit I guessed the reply for this tale earlier than Holmes published it. it is not a predictable story, yet I the proof and bought the answer. Holmes, i am chatting with you. Take. My. Application. As. Your. Assistant. i am far better than Watson!A Case of Identity:Plot: A woman's fiance disappeared simply once they have been going to marry and she's worried. She is going to Holmes, and sooner than she finishes her tale, he already has an concept as to the reply of her problem...Opinion: i am basically going to snicker hysterically. take into accout the case's name, for it will be significant that will get the reply prior to Holmes finds it.The Boscombe Valley Mystery:Plot: a guy has been murdered and his son is suspected. Holmes doesn't imagine the man's son did it, yet that will require to enquire more...Opinion: Woosh... The backstory for this reason was once creepy and compelling. in any respect issues within the narration, i used to be feeling delighted and that i could not cease analyzing until eventually the riddle was once eventually solved.The 5 Orange Pips:Plot: a tender gentleman gets a card signed via the K.K.K. with 5 orange pips contained in it. He is going to Holmes simply because another unusual issues began to occur and he fears he is in danger.Opinion: This one was once a bit meh. do not get ME WRONG, it was once good, simply not so good as the opposite ones. Holmes' method to the matter is kind of simple, yet i could not support yet imagine "Take that, you assholes!" (the asshole isn't Holmes, in the event you have been wondering).The guy with the Twisted Lip:Plot: A woman's husband disappeared, and the final time she observed him was once in an opium den. while the fellow spotted her, he instantly withdrew from a window within which he may be seen. She evidently felt anything was once off, so she ran to the window, but if she acquired there, the guy was once nowhere to be seen.Opinion: Clever, clever, clever... This one begun rather dark, yet then began to transparent off a little. i actually loved this one. Holmes, as usual, has the reply ahead of the girl has her story finished. Clever, as I said.The experience of the Blue Carbuncle:Plot: A helpful jewel has long past lacking and there is no clue as to the place it is. Holmes unearths an previous hat and a goose, yet within that goose used to be the misplaced blue carbuncle. How did it get there? Who was once the thief? that is the question.Opinion:That's all i am gonna say!The experience of the Speckled Band:Plot: A lady's step-father urges her to maneuver to a house. during this sure house, the lady's sister had died a poor death, so the woman is clearly frightened.Opinion: AMAZING. i feel this is often the simplest one during this collection. packed with mystery... and it additionally has a depraved guy with depraved purposes...The event of the

Engineer's Thumb:Plot: we know Watson is a doctor, so he is regularly attending his patients. Well, one night, a guy and not using a thumb got here to him. This guy has a fascinating tale to tell, and he is approximately to provide Holmes one hell of a case.Opinion: Mein. Gott. This one, along with having secret and a whole pack of thrill, additionally had a chase and lots of motion and kick-ass scenes. i actually loved it. the best during this collection. *thumbs up*The event of the Noble Bachelor:Plot: a woman disappears on her marriage ceremony day. Her fiance asks Holmes for his support simply because he is nervous and he wonders why she left... yet Holmes in fact understands what turned of her.Opinion: For you, noble bachelor:The experience of the Beryl Coronet:Plot: a guy needs to safeguard a coronet, yet one night, while a noise awakens him and he is going to work out what happened, he unearths his son with the coronet in his hands... and with 3 of the beryls missing. Is he guilty? the place are the beryls? Why could he do that?Opinion: One recommendation for you, humans: If Holmes tells you something, by no means argue with him. he is consistently right.The experience of the Copper Beeches:Plot: a tender appealing girl is on the market a task with sturdy payment, yet she has to chop her hair with the intention to accept. She's questioned yet after her wage provide is raised, she ultimately accepts. At her job, she's requested to do bizarre things, so she comes to a decision to invite Holmes' suggestion (she had formerly requested him no matter if she may still settle for or no longer the offer), for he is additionally suspicious.Opinion: i have only one factor to say: The relatives for which omit Hunter labored is weird... and creepy. Seriously, they made me shudder and so they made me imagine "WTF?" the entire time. I by no means observed any of the issues coming....So well, did i believe this was once good?Hell yeah! This used to be totally amazing, simply as the entire Sherlock Holmes' stories. they're all exciting and well-written. i've got no lawsuits for any of them. that are supposed to inform you something, simply because I constantly have whatever undesirable to claim for things.Now, marry me, Holmes!Mmm... charming.100% recommended. when you have no longer learn this, WHAT ARE YOU ready FOR? this can be THE BOMB! so as to add yet another thing, this is often my favourite selection of brief stories.P.S.: Wow, think if the entire fictional characters to which i have proposed marriage accepted...

russell barnes: it is the finish of the realm and Watson and Holmes, at the cusp of getting their amazing lives snuffed out via the approaching doom come to a decision their simmering sexual pressure can move no further.As they get rid of their clothes, Watson turns round to work out Holmes brandishing a bathtub of Lemon Curd."Holmes!" Watson exclaims, "I comprehend what we are approximately to do is going opposed to God's nature, yet what within the identify of all that's Holy are you doing with that breakfast condiment?"To which Holmes replied, "Lemon access my expensive Watson, Lemon entry".
