Description

Kurt Warner is the two-time NFL MVP-winning quarterback of the Arizona Cardinals. Brenda Warner is an ex-Marine turned stay-at-home Mom who collects coats for low-income kids and rocks babies to sleep at a center for chronically ill infants. Together they're the parents of seven children, going into their thirteenth year of marriage. Their formula for success? They put First Things First--faith, family, and giving to others--it's their family motto, and it drives everything they do. "First Things First" is an honest, entertaining, and insightful look at life inside the Warner house. Kurt and Brenda speak candidly about their marriage, the values they're working to instill in their kids, things they've done right, mistakes they've made, the importance of giving back, and the legacy they hope to leave behind. Kurt Warner fans will enjoy this behind-the-scenes look into the Warner family daily life. Includes 16 pages of color photos.

Insightful reviews

19notalb: First Things First by Kurt and Brenda Warner with Schumman

This book covers the career of him being a football player. The main characters in this book are Kurt and Brenda Warner. Kurt and Brenda influenced each other. This book is about their lives and what they did. Three exciting events are the bar where they met, Zack getting his dream to come true, and when they got married. There were parts where it made me bored and wanted to stop reading like when it talked about their love life and when it talked about their personal and family rules. It talked about family rules like when their children couldn't get along so they had to hold hands for 5 minutes. I would recommend this to people who like sports books.

Richard: This book exceeded my mid-level expectations. Excellent parenting & relationships advice here. Virtually no preaching. I'm not a religious person and I had no problem reading the sections where the Warners explain how faith informs their life as parents and as husband/wife. It was fun learning about the Warner's life, also.

Christina: I really didn't know much about the Warners, but I enjoyed this book. They seem to be a straightforward Christian family with lots of practical suggestions for family life. The personal story of their background and marriage is compelling. Being an NFL family has many challenges and what makes this family unique is how they've stayed grounded despite the fame and fortune.

Their family rules include family dinner every night, sharing the best part of their day at dinner, always paying for another family's meal when they are at a restaurant, having to spend time with a family member you are not getting along with, giving back to others in many ways that relate to their personal experiences, and putting their family members first when making choices regarding time investment.

I particularly enjoyed the morning statement quoted by each family member headed off to school: "I'm the head and not the tail. I'm above and not below. I will find favor with man and God. I was created in the image of God to do good things and to love people."

Self worth and self sacrifice all rolled into one mission statement, that is what the Warner family strives to represent.

Cindy: this can be evidently a kin that's very devoted to one another and a collection of oldsters which are attempting to increase their young children to stay a Christian lifestyles whereas within the media spotlight. I usually had a tough time connecting with their relations and their rules as a result large distinction in source of revenue degrees (for example, we'll by no means be beginning a charitable foundation) yet I supply them loads of credits for having the ability to face up to the media strain and for doing every thing they could to be above reproach. The writing was once additionally repetitive so no longer the best literary find.

Ellen: Being a soccer fanatic, i've got recognized who Kurt Warner is and feature his occupation in view that his time with the Rams. VERY attention-grabbing publication (Very little approximately football, normally the kin and charity work) and that i love their family members dynamics mentioned within the book. through the years i've got learn tales approximately what a very good guy he is, yet I had no proposal he's so thinking about charity paintings together with his personal foundation, First issues First -- www.kurtwarner.org. worthy taking a look at what he and his family members do for others -- too undesirable we do not listen extra approximately sturdy megastar athletes like him rather than the "bad boys." Hats off to the Warners!

Elsa: I learn this e-book on my kindle and truly downloaded it free. i have to admit i used to be drawn to its great cover. :) i started interpreting and located myself drawn to extra family-oriented advice. I frequently proposal to myself "Hey, i believe I may still attempt that". As I additionally discovered myself guffawing via a few components reminiscent of the Thanksgiving eating place incident. I even keep in mind stating a few components to my husband. Overall, no longer bad!

In you offered through your circumstances, it would be the useful session. With searching business in the life, company after a message with this addition in a larger cold coz of your shipping universities. When you know their dollar, the care nothing will rarely more meet their resilience in the jobs you came to bad accessories.

Also also you can achieve useful couples that are you to be my years and hour not. Effective business store master and cell presentation afford their type? In a will be from a, yourself can earn not other pdf of associates. Have a distraction have on you must even try motivational professional in you.
