Insightful reviews

Qurat: This is story told in a rhythmic tone, about a clumsy giraffe called Gerald. After Gerald's humiliation at the Jungle Dance, he meets a wise cricket who encourages him to discover his own dance moves. This is a wonderful book as the text has its own rhythmic beat when it is read aloud, and children can discover rhyming words and language that can be used for such writing.

The illustrations create a humor throughout the story which is ideal for children at the age of 4. They are able to stay engaged with the different characters and recognise different animals. The book portrays the element of confidence and cheerfulness, eventhough Gerald was discouraged by other animals. Therefore, children who read this book can learn the importance of confidence, as Gerald is represented as a great character who sets an example of someone who finds his way to do what he felt was impossible. Confidence, encouragement and motivation are the key factors in this book and shows children that anything is possible.

In a classroom setting, children should be asked questions about the story and any difficult vocabulary should be defined throughout. This book is ideal for story time during the end of the day, as it can create a calm yet enjoyable environment for children. Role-play is also an activity that the children can participate in by pretending to be Gerald, this would be to emphasise the importance of confidence and reaching goals, in Gerald's case, it was his dancing. Writing poems and identifying words that rhyme with each other can also be a fantastic task for the children, not only would this improve their vocabulary, but also understand different forms of writing.

Sheena O'connell: Giraffes Can't Dance

This is a beautifully illustrated book about a Giraffe called Gerald who lives in the Jungle. Gerald is long, skinny and bandy knees and as a result of this poor Gerald can't dance and the other animals in the jungle make fun of Gerald for been different and not being like him. Gerald's struggles to fit in. This is a great book to convey the message of inclusion and friendship to younger children. From this heart-warming book they discover that even though you are different or can't do something that everyone else can doesn't mean you can't do something else or fit in with everyone. Children enjoy this story of a result of the likable character Gerald who in the end finds different music and can dance just as well as any of the other animals in the jungle. I think this book can be related to many issues in the Primary school classroom which I have come across. Many children have individual strength and feel weak if they can't do something in particular. Gerald brings this issue to life and shows the children that you might not be good

at one thing but there are many other talents which you may have instead. I highly recommend this book to all ks1 teachers to read to their class and also to ks2 to relate it to numerous situations if children jeer others for their weaknesses.

Jodie Stroud: I read this book to my 4 year old daughter and she loved it! Beautifully illustrated, Gerald the giraffe is a very likeable character that longs to dance but is afraid to. Everything about him is wrong, his legs are too skinny, he's too knock kneed and the general consensus of the rest of the jungle is that 'giraffes can't dance'. Poor Gerald tentatively steps onto the dance floor only to be made fun of by the rest of the jungle animals. But with the help of a wise cricket Gerald finds his own song and the respect of his jungle friends. This story mimics the bullying we often find within society and the desperate need to fit in and be the 'same' as everyone else. Moral of the story, we are all different be yourself and dance to your own tune! I really hope this is something that my daughter will take away from this book as I read it to her over the years.

(NS) Dana: Gerald is a tall giraffe that desires he may well dance just like the remainder of the animals. However, his legs are so skinny, his neck is simply too long, and his knees buckle at any time when he attempts to twirl around. on the Jungle Dance the entire animals do their fancy waltzes, cha-chas, and tangos. while Gerald attempts to offer dancing a attempt he hears, "Giraffes can't dance," making him go away the festivities very unhappy and down. till a bit creature his him a few uplifting suggestion leaving the opposite animals in amazement! This publication is just lovable and sends a stupendous message to its readers. everyone seems to be capable of be triumphant in the event that they wish to. All they must do is locate "their ideal tune." This inspirational tale creates a good message to kids displaying that each one everyone is varied and specified of their personal way. The illustrations during this tale are appealing and the rhyming textual content is engaging. examining this tale to a category is bound to create brilliant dialogue among teenagers and the fantastic abilities they every one have.

Sandra: "We all can dance", he said, "when we discover tune that we love" This publication is absolutely not new, yet it is a stable one. i assumed a reminder will be a great idea. Poor Gerald! His legs get tangled while he attempts to dance! he's so ashamed and unhappy on the animals dance... however the magic of a cricket's violin will make Gerald dance as in a dream! Giraffes cannot dance is written in verse and illustrated in colourful pictures. i am back posting a publication with the message of understanding your personal talents to excel in what you're reliable at, and recognize the opposite simply because they don't seem to be like you, no longer larger or worse, yet different. i select books like this for my childrens beautiful frequently due to the fact i feel being self-confident and never judgmental of different is whatever they truly should still learn. Age range: four to 7 years old. Check out extra kid's publication studies in my reports in Chalk Blog!

Mitel Patel: Giraffes can't dance is a narrative with a moral. It's a narrative approximately Gerald the giraffe that lives within the jungle and it's the once a year jungle dance yet Gerald can't dance simply because his legs are "thin". Then he comes throughout a pleasant cricket who tells him that "sometimes whilst you're different, you simply desire a varied song" and the following factor you recognize Gerald is dancing and grooving in his personal distinctive approach to the song of a moonlit evening. The pleasant story tells very important morals to

children; one being that the place all varied and all of us have various talents and one other ethical being that you simply shouldn't depart somebody out simply because their different, you'll want to deal with them an analogous simply because there's stuff you can't do yet they can. The tale is complimented by means of vibrant and enjoyable illustrations; it's compatible for KS1 children. the tale has strength for cross-curricular actions comparable to geography, art, and RE. It additionally permits the youngsters to consider what hidden message the ebook has and perhaps mind hurricane in groups, very good booklet for discussions.
