Description

"The date is Saturday, April 2. Five April brides discover their wedding dresses have been stolen. One of the brides is private investigator Regan Reilly. Her wedding is in seven days." "Regan Reilly and her fiancé, Jack "no relation" Reilly - head of the NYPD Major Case Squad - are getting married. Regan had the perfect dress made by two young designers on Manhattan's Lower East Side. Arriving at the bridal salon to pick up her gown, Regan discovers the shop has been broken into, the designers bound and gagged, and wedding dresses for four of the April brides (her dress included) are missing. A fifth dress is in shreds on the floor. Even though it's a week before her wedding, Regan gets on the case, and in the process she meets an unusual mix of brides and grooms-to-be, or - perhaps "not-to-be." "Over at One Police Plaza, Regan's bridegroom, Jack, is trying to solve a perplexing series of bank robberies. The robber, nicknamed "The Drip" by the NYPD because he always strikes during rainstorms, has been eluding the police for months. Jack is determined to crack the case before his upcoming nuptials." Carol Higgins Clark fuses the two seemingly unrelated mysteries with a twist, taking readers from the streets of New York City, to the casinos of Atlantic City, and finally to that most popular wedding spot - the one and only Las Vegas. She weaves a web of mystery around a tale of five April brides and the trials and tribulations they face planning their weddings.

Insightful reviews

Monica: Cute. A little absurd and too convenient but cute.

George: Regan Reilly, LA private investigator mystery. Regan is in New York for her wedding when a number of things go wrong. Her wedding dress and several others are stolen and Regan investigates to find the missing dresses. As usual, there are several plot lines involving the stolen dresses, a woman who disappears, a bank robber, a couple of cons, and brides with problems, which all come together for the usual happy ending.

Elizabeth Padro: fun books

Nicole: have

Singletary: Regan is going to select up her marriage ceremony costume and unearths the proprietors tied and bound. 4 robes are missing, and one is at the flooring torn to shreds. review: excellent story, yet retain song of the brides. there are numerous humans to maintain song of and it's effortless to omit who's who. I want the writer had pointed out what occurred to Hattie. She held Joyce opposed to her will and not anything was once performed approximately it? i do know she is old, yet she most likely must have been positioned in a facility simply because she was once evidently no longer in her correct mind.

Susan: Hitched is the second one ebook that i've got learn within the Regan Reilly series, and that i needs to say that I loved this one up to the first. Clark gives you a pleasant story choked with twists and turns in addition to with a few relatively colourful characters. The ebook starts off with Regan going to choose up her marriage ceremony costume purely to find that it besides 3

others have been stolen, one used to be destroyed, and her clothier robbed. Regan is readily at the case which places her within the direction of 4 different very varied brides. The publication has a few rather nice moments, and that i cherished how Clark tied Regan's case including Jack's financial institution theft case. the final secret was once stable and positively retains the reader guessing. i cannot wait to learn one other Regan mystery.

And, about scam, except you need the affordable level and you are people to help by you, a business everything happened of UAE Down and shop organization 2010-2013 about the site of the current and available browser, use upon by the %.
