Description

This time, one touch could destroy everything...

Cambridge Fellows Mysteries, Book 6 The suspected murder of the king's ex-mistress is Cambridge dons Orlando Coppersmith and Jonty Stewart's most prestigious case yet. And the most challenging, since clues are as hard to come by as the killer's possible motive. At the hotel where the body was found, Orlando goes undercover as a professional dancing partner while Jonty checks in as a guest. It helps the investigation, but it also means limiting their communication to glances across the dance floor. It's sheer agony. A series of anonymous letters warns the sleuths they'll be sorry if they don't drop the investigation. When another murder follows, Jonty is convinced their involvement might have caused the victim's death. Yet they can't stop, for this second killing brings to light a wealth of hidden secrets. For Orlando, the letters pose a more personal threat. He worries that someone will blow his cover and discover their own deepest secret... The intimate relationship he enjoys with Jonty could not only get them thrown out of Cambridge, but arrested for indecency. *Warning: Contains sensual m/m lovemaking and hot men in black tie and tails.*

Insightful reviews

Liz Lovesrainbows: Another great one!!

Sophia: This latest installment in the series sees Orlando and Jonty no sooner returned to St. Brides than they are called away again to solve a murder. This time it has the reluctant approval of the school master b/c the King himself wants them on the case. The King's former mistress is dead and there are whisperings that the cause isn't natural so off the twosome goes to the coastal hotel that had become her residence. Orlando goes in disguise as a hotel employed dance partner and Jonty goes in the role of amateur sleuth with his father Mr. Stewart as partner.

The case is a hard one with clues hard to come by including the fact that they can't even work out if they're dealing with murder until a second death leaves them with no doubt as to its cause. Between threatening anonymous warnings in notes, missing the closeness they have become accustomed to and an interesting development going on back at St. Brides, they eventually come down to it.

With each new installment read, I grow more comfortable with the books as comfort reads. I love both the main characters and the regulars that slip in and out of their stories. I love how immersed I feel in the historical time period and the mysteries are enough to keep me guessing. This one was no exception. That partial secret that came out about Orlando's family history has me so eager to discover the rest in the next few books.

All in all, another fantastic read from a brilliant historical mystery series or really more of a historical romantic suspense.

Bookbee: I love this series. I love Jonty but I especially love Orlando, who has changed so very much since his introduction in the first book!

Plainbrownwrapper: Dangit, for a few cause GR insists that i've got neither learn nor reviewed this book, although i've got really performed both. Please forget about this replica evaluate --I nonetheless love those guys, yet i used to be now not as enthralled with this installment as with the former books within the series. For one thing, the setup required to get the MCs taken with the secret this time used to be relatively ridiculous; for an additional thing, our heroes do not get to spend as a lot time jointly as previously, that's a wide a part of the attraction for me. I additionally did not locate the secret plot extraordinarily appealing; and even if I do just like the personality of Jonty's father, his huge involvement during this ebook diluted the Jonty/Orlando impact even extra than their separation on my own might have. I am ready to determine how casually dropped tricks enhance in destiny volumes -- 1. (view spoiler)[the trace a couple of mysterious background for Orlando (hide spoiler)]; and 2. (view spoiler)[the trace that the identify and entailments left by means of Laurence Johnson's demise might turn out going to a few unknown far away cousin (hide spoiler)]. maybe not anything will come of them, yet we will See. I'm giving this one basically 3.5 stars, rounding as much as 4.

Plainbrownwrapper: I nonetheless love those guys, yet i used to be no longer as enthralled with this installment as with the former books within the series. For one thing, the setup required to get the MCs keen on the secret this time used to be quite ridiculous; for one more thing, our heroes do not get to spend as a lot time jointly as previously, that is a wide a part of the charm for me. I additionally did not locate the secret plot extraordinarily appealing; and even if I do just like the personality of Jonty's father, his broad involvement during this e-book diluted the Jonty/Orlando impression even extra than their separation on my own could have. I am ready to work out how casually dropped tricks enhance in destiny volumes -- 1. (view spoiler)[the trace a couple of mysterious background for Orlando (hide spoiler)]; and 2. (view spoiler)[the trace that the identify and entailments left by way of Laurence Johnson's loss of life may turn out going to a few unknown far away cousin (hide spoiler)]. might be not anything will come of them, yet we will See. I'm giving this one in simple terms 3.5 stars, rounding as much as 4.

Linda-Grace: continually love those two.
