Suite à un concours de circonstances, elle commande sur Internet un mannequin robotisé qui représente le petit ami idéal. Seulement la période d'essai de trois jours dépassée, Riiko se voit contrainte de faire un pacte avec la société de vente : contre l'annulation de sa dette de 740 000 euros (c'est son prix), elle doit aider Night (c'est son nom), à collecter des informations sur la psychologie féminine. Ces infos seront en effet précieuses pour améliorer les futurs "modèles".

L'arrivée de Night va bousculer les habitudes de la jeune fille et l'amener à porter un nouveau regard sur ce qui l'entoure.

Tombera-t-elle amoureuse de ce "garçon idéal" ou choisira-t-elle son ami d'enfance ?

## Insightful reviews

Hud-c: One of my first manga read, venturing in the shojo genre. Although, I have seen shojo animes before. Like Ceres & Fushigi Yuugi which are both written by Yuu Watase herself. Imagine that - I never really care about mangakas when it comes to this genre and then I found out I'm actually reading/watching lots of works from the same author.

Absolute Boyfriend Vol. 1 is a romantic comedy series. This manga used almost every teenage fantasy as a theme- having the perfect boyfriend. I envied Riiko for a considerable time. The two boys in here are really hot especially Night. DAMN! An instant gorgeous, adorable, sexy, (a bit) horny boyfriend ordered over the Internet & FOR FREE! Man, if such thing really exist other than those pedophiles & posers in the world wide web, a girl's life would be one magnificent and exciting journey! Hahaha.

This manga is an absolute fun read. Its the best work of Yuu Watase for me for I found the two I've mentioned above melodramatic. Highly recommended for romance manga readers.

I'm revisiting this manga nowadays. AND I'M HAVING A GRAND TIME.

Cassandra Booth: Ok do let me tell u this manga stuff takes me 30 minutes to read. So I am a YouTube sims fan and watch sim series on YouTube and there was one based of this series called perfect boyfriend by bluewhitecherry! So I was in the library returning things and stumbled upon this book! And I love it so! Thought the robot in this one takes it's clothes off more and is a little more human.

Lauren: When you want a boyfriend none are around, that is just how Riiko feels. On the path of desperation she signs up for a free trial for a robotic boyfriend. What can go wrong right? Nope, wrong! Riiko receives the extravagant Night, a hot and sexy man that only wants to please her.

Seriously this is one of the best manga I have ever read! It is filled with romance and comedy

and enjoyable characters. I fell in love with every aspect of this series right from the beginning. There is an interesting love triangle that also develops, I had a hard time choosing which guy I would end up picking, you will have to see for yourself.

Riiko is just a doll! No, not literally, but cute nonetheless. She is always looking on the bright side of things and is protective of the ones she loves. Night is the epitome of every girl's dream guy. He is so adorable when he is learning all of the different emotions and things Riiko is trying to teach him. Night is really cute when he starts becoming overprotective of Riiko.

I really wish they would make it into an anime!!!

Rachel: Absolute boyfriend is set a high school woman – Riiko – who falls right into a scenario that includes having a robotic boyfriend. She used to be selected to aid the robotic – evening – achieve information regarding tips to please ladies to ensure that his sort to behave extra human. whilst evening wakes up, all he desires to do is please her, no longer being concerned how \*wink wink\*. After freaking out (What high school woman wouldn't?) she offers him classes on reactions, emotions, and the way to stay an everyday life. Riiko is very lovable. She's witty, fun, smart, and independent. supporting evening places somewhat rigidity on her, yet she bargains with humor and looking out at the shiny facet of things. All she sought after was once a boyfriend, and now that she acquired a person with all of the characteristics women want, what's there to whinge about? She begins taking good care of Night, and while girls hit on him, she will get fiercely (and adorably) protective. Riiko cares for people, and doesn't wish them to get hurt. Her ally Soushi confessed his love after evening confirmed up, so there's a love triangle within the tale as well. Night... ohhhhh boy. Again, he's each woman's dream. before everything he's very calm, self assured, and never hassled easily. After it slow with Riiko, he exhibits extra emotion and attempts to thrill her in several methods then whilst his method first started. In time he begins being concerned approximately her too. evening turns into super protecting of Riiko and infrequently attempts to struggle her battles. They either develop into a staff and turn out having hundreds enjoyable together. It's an exceptional learn for those that are looking to sit for a romantic comedy, and there's simply six books within the sequence so it'll take you approximately six hours to learn all of them. You'll love Riiko's fierceness and Night's quirky actions. i like to recommend this booklet for all comedian readers. Absolute boyfriend is among the most well-liked Shojo mangas, so get hold of it once you nonetheless can!

Lex Marie: I had learn the synopsis of this manga and determined I needed to learn it. i used to be fortunate adequate to discover it at a last Borders at a chit so i did not think so undesirable approximately deciding to buy anything I hadn't a clue about. After studying it, i will in truth say, i might have gladly paid complete price. We stick to the tale of Riiko Izawa, who hasn't ever had a lot success with men. She has only a few pals and infrequently noticeable because the awkward lady with little to no intercourse appeal. One day, she meets a salesperson who attempts to get her to shop for anything from him. She tells him all she wishes is a boyfriend and he palms her a card to an internet site the place she reveals a unfastened 3-day trial for an awesome boyfriend. guffawing it off as a joke, Riiko chooses each character choice and orders one. To her surprise, this is often no joke, and a tremendous field addressed to her exhibits up the subsequent day, a unadorned guy toppling out calling her "girlfriend." Now it is a topic of

who will Riiko choose? Night, the gorgeous, devoted, proficient secret man, or Soshi, her long-time pal who is consistently appeared out for her? Absolute Boyfriend has inspired me for being what it was. Yuu Watase admitted during this quantity to creating up the plot as she went along, in basic terms having the final inspiration for evening in her head. For anything created at the fly, this is often very good, in spite of the happenings resulting in a weird, uneven fluidity. whereas it is certainly now not the smoothest manga, the tale and characters are compelling sufficient to depart a long-lasting impression. The paintings can be superbly performed with plenty of realization to element and focusing generally on attractive men. I will certainly proceed to buy this manga. For a lover of romance manga, it is certainly worthy it.

Grace: i used to be drawn to examining this because the drama is my all time favourite exhibit (I lately watched it for the 3rd time and it nonetheless made me cry) and Fushigi Yuugi used to be my favourite anime turning out to be up. This manga, however, was once particularly juvenile. it's certainly a shojo manga, in addition to the mangaka's different works. Yuu Watase is a truly inventive mangaka. She has principles that i haven't learn before, and it's not fabulous that her works are so popular. She additionally has an aptitude for the dramatic and the bittersweet (with a sprinkle of foolish humor); the endings constantly make you need to tear your center from your chest. This manga is not any exception. Zettai Kareshi stars a lady who unwittingly buys a robotic boyfriend and progressively falls in love with him. extra to this problem is her early life bestfriend who has been secretly pining for the most character, her ally who likes stealing her crushes, in addition to the corporate that created the robotic boyfriend. Overall, it was once an relaxing read, yet as an older reader, a number of the purposes and offerings the characters make appear very immature. Older audiences will be gazing the sequence instead of studying the manga, I think. Still, there are a few fascinating techniques explored, and it used to be an outstanding story.
