## Description

Lulu Atlantis has a big problem: her new baby brother, Sam. With him in the picture, Mother certainly doesn't need her around. Luckily, she has her best friend, Harry, a top-hat-wearing daddy longlegs spider to turn to. Over the course of four enchanting chapters, the two friends rescue a skunk stuck in a yogurt pot, encounter gangster bakers, seek out the Secret Ingredient to make Sam's oatmeal edible, and contend with a monster (not to mention an evil cat named Princess Fancy).

Through it all, Harry stands by Lulu Atlantis, his one and only True Blue Love, as she searches—quests!—for some True Blue Love of her own. With irresistible black-and-white chapter-opening art, plus an imaginative story with a classic feel, this is the perfect choice for young middle-grade readers.

*From the Hardcover edition.*

## Insightful reviews

The Styling Librarian: What an odd, lovely book. Such a pleasure to read.

Jane G Meyer: When the young, female, New York editors who are now in charge of children's books, (even though they may not have children--or even have that much experience with children,) talk to us writers about wanting quirky material--well, this book perfectly fits the bill. It is about as quirky as quirky gets.

Though the plot line is as conventional as you can find, Martin finds ways to make the story feel fresh and fun. She introduces good guy gangsters and insects who talk... She plays with language and generally you can tell she had a fun time getting to know these characters and fiddling with the plot. It was a fast read--fun to zip through, but not a book that I see becoming a classic.

I love the cover...it's what caught me in the first place.

Charlene Cruz: i love this book!!!!

Carissa: this can be a bizzarro little book. major personality Lulu Atlantis has a top (imaginary?) good friend who's a spider named Harry who wears a top-hat and is the voice of cause (Jiminy Cricket, perhaps?). throughout the process the booklet they meet a skunk who has a yogurt box caught on his head (and who is, thereafter often called "Yogurt Skunk"), 3 gangster bakers and a nemesis fancy cat (who arrives at their door with bells and bows) named Princess Fancy. It moves me as being a stream-of-consciousness workout and simply finally ends up feeling form of weird.

Julie: Hmm... i believe i do know what the booklet used to be attempting to do, however the strategy used to be now and then tedious and infrequently too darkish and sour for the objective

---

viewers (7-10). I beloved the Yogurt Skunk and Harry very much, and in spite of everything after all Lulu Atlantis unearths her resolution (with a few aid from the endearing Eggman). however the quest... well, it did not make me are looking to hold interpreting web page after page. In fact, I regarded ahead to taking breaks!

Dana: I picked this up simply because I enjoyed the canopy paintings and the truth that the again acknowledged it had "a fancy cat" in it, yet used to be quite disappointed. I pressured myself to complete simply to see what the answer may be, yet won't recommend. i admire quirky, however the tale was once now not compelling.
