Description

Auf Alabasta ist der Krieg zwischen den Rebellen und der Armee im vollen Gange. Unsere Lieblingspiraten müssen dabei gegen die Baroque Special-Agents kämpfen, die wirklich mit allen Wassern gewaschen sind. Und das ganz ohne Ruffys Hilfe! Den hat das Krokodil nämlich fertig gemacht... oder?

Insightful reviews

Tsering: Luffy's crew mates have won so far. Now time o dismantle plan 'Utopia'.

Rogue Becquerel: good read

Robert Beveridge: Eiichiro Oda, One Piece: Utopia (ViZ, 1997)

Coherence has returned, though it still feels like Oda is drawing this battle out longer than necessary. Nami, Zolo, and Sanji's individual battles are depicted in this volume, with Nami's by far being the best. There's a bit of plot advancement as well, but not much. Better than the volume before, but not one of the best. *** ½

Novia: For me, One Piece is better Manga ever written. the tale continuously contact my heart, it's a mix of devoted friendship, laughter, loyalty and action. Some humans may possibly locate this manga as foolish and unnecessary (I've heard this before) yet they by no means actually learn the Manga and for this reason judging it easily from the cover. I've been in that place too...and thank God i eventually seemed past the canopy and located the best experience any Mangaka ever written. More approximately One Piece at my web publication

Yeeha! - Zoro learns the right way to lower via metal (remember #15?)- Crocodile explains his explanations to the reader the king, Vivi and a few of the strawhats.
