Description

Buku kedua seri Skulduggery Pleasant

Dunia kembali terselamatkan setelah kematian Serpine. Setidaknya itu menurut Valkyrie dan Skulduggery, sampai mereka mengetahui Baron Vengeous yang tersohor melarikan diri dari penjara. Bersamaan dengan itu vampir dan para Yang Tertular bermunculan di seluruh Irlandia.

Valkyrie dan Skulduggery tahu Vengeous mengincar baju besi Lord Vile. Baju besi itu akan memberikan kekuatan bagi sang baron untuk membangkitkan Grotosquery dan memanggil kembali para Sosok Tanpa Wajah.

Namun masih ada satu bahan yang kurang: darah Tetua yang dimiliki Valkyrie. Vengeous dan kawanannya pun memburu Valkyrie. Tentu saja Skulduggery tidak membiarkan sahabatnya menjadi bulan-bulanan sang baron. Hanya saja mereka tidak menyangka ancaman yang mereka hadapi kali ini jauh lebih berbahaya.

Insightful reviews

Kimberley doruyter: didn't like it as much as the first, some of the mystery is lost now that stephanie is already in the world of magic.
but i still wanna read the next one.

Sam: After listening on Audio to the first book in the 'Skulduggery Pleasant' series I couldn't wait to read the second. The first book was funny, magical and full of adventure, and this one also delivers all of those things. I love the soundtrack and special effect sounds on the audio book, it really sets the scene and makes the story more exciting! In the first book there were so many laugh out loud moments but I didn't feel like there were as many in this one. I still really love the banter between main characters, Skulduggery & Valkyrie, at times I was amazed at what kind of comebacks a 13 year old could come up with (some were hilarious!) My favourite Skulduggery quote in this book would have to be "We aren't retreating... we're advancing in reverse". These books are quick and easy to read and fill the time quite easily, So if you're looking for a book full of fun then this series is what you're looking for. Even though it wasn't as funny as the first I still had a great time listening to it and I look forward to continuing the adventures with Skulduggery & Valkyrie. Keep up the good work of saving the world!!

Review is also on my blog <http://love-sami13.blogspot.com.au/20...>

Kimberley doruyter: this one shows a bit of landy's very disturbing amagination.

i love all the skulduggery pleasant books so much i can read them anytime

Tamara: Auch das 2. Abenteuer rund um Skulduggery friendly & Walküre Unruh hat mich

vollends überzeugt. Derek Landy erschafft sehr unterhaltsame Geschichten. Skulduggery friendly ist einfach Kult und die Schurken stehen ihm in Nichts nach. five Sterne plus!!!

Abby: If books have been food, Skulduggery friendly will be a chocolate-covered gummy bear. Allow me to elaborate. At first, the assumption of a chocolate-covered gummy undergo sounds bizarre and a bit gross. yet in reality, even though it is weird, it's thoroughly delicious. within the similar way, the belief of Skulduggery friendly is bizarre and unappealing: the hero is a skeleton sorcerer. Gross. yet when you flavor it, you find how delightfully enjoyable it is. do not get me wrong, it's not excellent for you. In fact, devour an excessive amount of of it at once, and you may most likely get sick. After all, the prose isn't art, the plot isn't very good organized, and the tale isn't really memorable. yet that does not rather matter, simply because occasionally it truly is nice to chow down on junk food. Chocolate-covered gummy bears should not for everyone, of course, yet i locate them addictively delicious! My basically actual grievance is that it has a long way too many murders and cuss phrases for a child's book. i believe kid's books may be very cautious approximately something that might be above a G rating, and Mr Landy exhibits little restraint with violence and undesirable language.

Cait Grace: Woah. This series. i actually relatively LIKE IT, OKAY? i could flail....but i'll try logicalness. simply because i'm type like that. I listened to this on audio and that i cannot suggest it enough! it really is narrated via a dude with an Irish accessory and...can I say: most sensible accessory within the WORLD?!! It was once great to hear too and the voices for various characters have been perfection. It additionally went quite fast. I listened to all of it in exactly a couple of days. those books are downright hilarious. If i will merely ask for 2 issues in books...I wish outstanding characters and superb humour. i've got BOTH. i like the banter among Skulduggery and Valkyrie. I additionally love their relationship. Skulduggery is sort of a supportive uncle, yet he does not cushion her although he does shield her. i like THEM. they're family. I additionally love how Valkyrie does not simply brush off her mom and dad and she or he feels responsible that she's now not a very good daughter to them (even notwithstanding they do not know simply because she has her mirrored image pretending to be her). For me this was once certainly higher than ebook 1. The stakes have been a bit greater and the enemies a bit extra undefeated-able. We meet approximately four new villains. Actually...there are loads of characters. I enjoyed the variety, like Spring-Heeled Jack was once lousy and slimy and freaky moster. however the American (agh! i cannot keep in mind his name) was once rather gentle and humorous and despicable. the most villain used to be thoroughly cliché, but, ah, i'm going to forgive him. And the Grotosquory (sorry! I listened to it on audio, so i've got noooo proposal tips on how to spell anything) used to be lousy and unbeatable. My largest MEH second is how a lot motion scenes there were. do not get me wrong, motion is awesome. yet there has been such a lot of battling scenes it received tiresome. Plus I additionally felt that the writer did not appear to make a number of humans be battling at once. It particularly felt like humans battled whereas everybody else watched. i used to be type of miffed at that. additionally there has been the exceptionally cliché factor of "secondary-characters-can-be-killed-with-one-backhand-while-main-characters-get-up-every-time." -_- Frustrating. Humour? Wit? Epic magical plot? EVIL TO BE FOUGHT? A skeleton? i like this sequence so much. supply ME e-book 3 IMMEDIATELY. *runs to the library* See this gif? ^^ That line used to be within the book. Skulduggery misplaced his arm at one aspect (he's only a skeleton, so no biggie, yet HE USED THAT LINE. Valkyrie was once having none of it. I totally love her.
