VISIONS OF AMERICA

All that hitchhikin

All that railroadin

All that comin back

to America -Jack Kerouac

Insightful reviews

Destiny Dawn Long: When I was younger, I really loved the Beats, but the appeal isn't as strong now. However, I did enjoy picking up on some homoerotic imagery. Plus, now that I've studied a little bit about Buddhism, the obscure references to Buddhist philosophy were appreciated.

If nothing else, read through his "Western Haikus" because I was giggling a little at the end.

J.C.: I bought this the first time I checked out the City Lights Bookstore in San Francisco (which was a neat little store, by the way). I wanted to get something Kerouac and I walked away with this, mostly cause i've never read any of his poetry before.

I didn't have as hard of a time as I anticipated i would have, considering my usual struggles with poetry (which I've finally decided that it is POETRY that doesn't like me, rather than the other way around). I can see the DNA of Jazz music in the word usage, the rhythms of the poems and such. At times I went along with it just fine, other times I had no idea what was going on and wishing i had an audio tape of him reading it for me or something.

The haikus (or Western Haiku's as he called them) are particularly good and very accessible. At any rate, this little book is well worth peeking into if you're at all curious.

Denton McCabe: This is a quick read. A quick and pointless read. I finished and was trying to remember which poem came across as really well written and went back through the book and couldn't find it! That was how much of an impression the best poem in the book made on me!

Sorry, Kerouac. This was total drek.

Ben: The haikus have been memorable; in a different way it used to be mediocre. 'On the Road' is a favorite, 'Dharma Bums' was once sturdy yet now not captivating, and this used to be ok - I

take pleasure in Ginsberg's poetry better.

Nathalia Fagundes: LOVE

H: just for the hardcore Kerouac fan. Unpolished scribbles with a gem right here and there, yet total an undisciplined collection.
