First one, then another of the town firemen's wives has been murdered, and a third has barely escaped an attempt on her life. Incredible as it seems, a serial killer is stalking this sleepy little southern community. And Mark Branning's wife may be next on the list. Mark is determined to protect her. But keeping Allie alive won't be easy—not with their marriage already dying a bitter death. Unless they renew their commitment to each other and to God, someone else may settle their problems ... permanently. And time to decide is running out. Insightful reviews

Marilyn: I picked this up thinking it was a mystery. Well, it was, only it was a Christian romance mystery. Not my kind of book.

A sweet little town in Louisiana has been hit hard with the arson murders of 2 of the wives of the town's firemen. Mark and his wife split two months previous. He aches to get back together, and she aches to get back together (you know...One of those...)...but they aren't talking. She won't, and he's given it up as hopeless. When Mark realizes she may be a target he does everything in his power to protect her. When she realizes he's putting himself on the line, for her, she is ready to forgive and let bygones be bygones. Only as they begin working together can the killer be caught and reconciliation follow.

Danielle: A little repetitive and predictable. Reads like a Christian version of Law and Order. Unusual storyline though.

Cora: Good book; It was hard to stop reading because I wanted to know what was going to happen next!

Laura: The secret a part of this publication used to be rather well done. The Christian half used to be very preachy and never good built-in into the story. I believe the writer is talented, yet must discover ways to get her message throughout in additional sophisticated ways, because the preaching fairly disrupts the story. I take a few factors with the theology of the message besides -- God does not reason undesirable issues to ensue to punish us ... that retains being mentioned via the characters within the publication -- I feel that's beautiful susceptible theology.

Stephany: This booklet brought me to the Newpointe community, which facilities round a firehouse and the boys who paintings there. The e-book introduces you to Mark & Allie, married for four years and at the moment separated. Allie appears like Mark cheated on her with a floozy named Issie, although they by no means did something greater than talk. Mark has looked as if it would lose his religion & started ingesting due to this. initially of the book, a fireman's spouse dies. She was once shot within the head after which her residence was once set on fire. the following day, a similar factor occurred to a different fireman's wife, inflicting a panic one of the fireman and Mark to worry for Allie's life. The booklet follows the secret of fixing the crime and Mark and Allie's courting altering & strengthening via this hard time, as he attempts to maintain her safe. This is my moment time analyzing the book, my first time being in excessive school. Terri Blackstock writes in an exciting, fast paced method that retains you begging for more. it really is tough to place down, and comprises a few non secular subject matters that i believe aid pull every thing together.

Rebecca: I learn this years in the past and remembered the sequence being an outstanding one, with each one publication being particularly the page-turner. I wasn't dissatisfied with the re-read. ahead of lengthy i used to be drawn in and could not cease considering the plot and what was once going to take place subsequent within the tale - the mark of an excellent suspense novel! I even stayed up past due one evening simply because I simply needed to retain reading... The solution used to be great, now not too fast performed and positively satisfying. Can't wait to discover the subsequent publication from the library and browse the total series, then make an observation to try extra from Blackstock. :)
