Description

Dr. Alan Gregory is a practicing psychologist with a few little problems to work through. He has an office filled with bloody corpses. He has a teenage patient who may be a sad victim or a savage killer. He has a beautiful estranged wife who wants him back in the worst way, and a lovely lover doing her best to keep him. He has a cop who wants him off the case, and an unknown enemy who wants him permanently out of action. To round out his many dilemmas, the list of suspects reads like a Who's Who of his posh Colorado community. And as a Rocky Mountain winter wonderland is swept by a nightmare blizzard of evil, secret sins leave a trail of blood leading to their hiding place deep in the heart and mind of a monstrous murderer...

Insightful reviews

Ally Cat: It got better as I went along, as long as I put aside the eery similarity to Kellerman. There is more wry humor, which I liked, but there is also more romantic drama and, being that I hate romance novels, I could have done without that. He does prattle on at times, needlessly and there are several incidents of redudant words in the same sentence, that might be more of an editing issue then a writing issue. All in all, 3 stars, and I would dabble in other entries in the series.

Ed: A tape I randomly picked for my commute. At the time I didn't realize that I had read #4 Harm's Way (1996) in 1997 and had not followed up on the series. This time around, I was encouraged to read #1 Privileged Information (1991) and then read the rest of the series, catching up at #19 Line of Fire (2012) and then the pre-planned series finale #20 Compound Fractures (2013).

Alan Gregory - recorded - Boulder, CO psychologist is enlisted by police sergeant Sam Purdy to help investigate a string of murders that seem related to his practice. His office is burglarized and his partner attacked. Estranged wife Meredith wants to delay their divorce decree and tells Alan she is pregnant with a child that might be his. Current lover Lauren seeks commitment.

Andrew: Wow, this was interesting. A book about Mormons from a non mormon point of view. Of course I didn't agree with how they portrayed the church in some points, but I am a little partial. The story itself, I thought was a quite a stretch, but still entertaining. Stephen did get a lot correct with the generalities of the mormons but the few things that missed the mark seemed way out to me. I don't think I've ever referred to a non member as a gentile, but I have referred to myself as one.

Arthur Kittler: This publication started out great. nice personality development, refined humor, great info etc, but the plot used to be by no means very transparent to me and with approximately a hundred pages left to read, I reserve it no longer realizing what was once

occurring or the place the tale used to be going. The writer turns out extra eager about describing the Colorado nation side, Dr Gregory shaving his legs, and dragging on approximately Gregory's lack of ability to make a decision which girl to have a permanent courting with (where this lack of ability to come to a decision suits into the tale i've got no idea) than he does constructing and sticking to a cohesive plot.....Perhaps had I caught it out to its end i would have came across out. Then again, there is basically lots time to learn and such a lot of strong books.

Chris: THIS SUMMARY/REVIEW was once COPIED FROM different resources AND IS USED purely AS A REMINDER OF WHAT THE publication was once approximately FOR MY own INTEREST. ANY own NOTATIONS ARE FOR MY RECOLLECTION ONLYI did particularly get pleasure from this...however, it's lengthy and it used to be on a ebook player, that is tough to head backwards. Why have witnesses scheduled to seem ahead of a neighborhood grand jury died violently simply ahead of giving their testimony? that is what Detective Sam Purdy, thrust into an uneasy partnership with Dr. Gregory, desires to know. From the 1st pages of the novel, while Gregory's place of work is invaded via a homicidal husband looking revenge on his spouse for her selection to divorce him, until eventually deepest Practices robust climax, Purdy and Gregory attempt to make experience of the items of an more and more advanced puzzle. In those Rocky Mountains, not anything is sort of because it seems. A pivotal personality is considered one of Dr. Gregory's patients, seventeen-year-old Randy Navens. He has been in psychotherapy because he survived a aircraft crash that claimed the lives of his mom and dad and his sister. Now he's dwelling together with his aunt and uncle, and is haunted through nightmares and suicidal impulses. the original process his remedy takes Alan Gregory on a quest that quickly ensnarls either general practitioner and sufferer in a perilous internet that threatens either their lives. Paul Weinamn-dr that died early within the book. seems to be a superb guy. The following is the particular ebook on pg22-23(view spoiler)[When Russ London advised Paul in the course of treatment that he had witnessed or participated within the photograph sexual of Lily Navens. Paul used to be obligated, by some means to record Russ. yet simply because they have been friends, he didn't. However, he did make one mistake through agreeing to work out his good friend for therapy. That mistake ended in his unwillingness to document his buddy to SS for sexual abuse of a child. One these dominoes had fallen, the remainder of this was once out of Paul's hand and into DR Eric. Eric used what used to be in Paul's list of Russ and Geoff Tobias (Randy's uncle)to blackmail his manner into discomfort Perdu(Tobias' restaurant) and to use the good thing about his present harmful courting to Marilyn (Russ xwife). Eric in flip set Harlan Draper unfastened like an murderer to focus on his spouse (Clair). Harlan desired to punish Clair for leaving him; Eric desired to continue her from attesting to the grand jury concerning the restaurant. Eric both blew up Larry Templeton's apartment or took good thing about it and both devoted the homicide of Marilyn or bought Geoff to do it. All of this could have labored if Randy's erratic repression of an extended forgotten evening in a cabin now not develop into the wild card that trumped them all.(hide spoiler)]["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>["br"]>

Glennie: loved this yet another than the 1st one. Getting extra into the characters.
