## Description

Nine people have gathered for the reading of Aurore Gerritsen's will. Some are family, others are strangers. But all will have their futures changed forever when a lifetime of secrets is finally revealed.

Aurore Gerritsen left clear instructions: her will is to be read over a four-day period at her summer cottage on a small Louisiana island. Those who don't stay will forfeit their inheritance. With the vast fortune of Gulf Coast Shipping at stake, no one will take that risk.

Tensions rise as Aurore's lawyer dispenses small bequests, each designed to expose the matriarch's well-kept secrets. Longtime loyalties are jeopardized and shocking new alliances are formed as the family feels the sands of belief shifting beneath their feet.

As a hurricane approaches and survival itself is threatened, the fourth day dawns and everyone waits for the final truth to be revealed.

## Insightful reviews

Mitzi: Good Mystery. Well written. This book and her previous tale that included Aurore (IRON LACE) are great and are highly recommended reads. I recommend reading the prequel to this first, Iron Lace, since this book probably won't make much sense unless you know some background.

Michelle: This is the sequel to Iron Lace. It is set in the 1960's in Louisiana. The novel begins with the death of Aurore Gerritsen. Her lawyer brings together her family, both known and secret as well as some close friends to her home on the barrier islands. They must all stay for the full 4 days of the reading of the will or they will forfeit their inheritance. Included are her son bent on a political career and his wife, their daughter, a photographer, as well as her secret daughter and her son. As each part of the will is read, we learn more about the convoluted and sometimes tragic history of the family and find out if the truth will bring them together or drive them apart. Adding to the drama is the impending storm bearing down on them. I enjoyed seeing some of the characters from the prior book in greater detail and saw some in a different light after finishing the book. It is a fitting and satisfying conclusion to the story.

Darlene : This is the sequel to Iron Lace. A lot of questions that may have been unanswered in that book were answered in this one. There were more twists and turns than a plate of spaghetti. This book is about the four day reading of Aurore Gerritsen's will and what a will it is!! I very interesting book but not the charming book that Iron Lace was but more like the atmosphere of the south of the sixties with alot of unrest.

Barb: This booklet is the sequel to Iron Lace. i began this one again in August, and did not get

very a long way prior to university started, and that i positioned it aside. I picked it up back as i used to be headed out the door to a dental appointment, all started studying it again, and had a difficult time placing it down this time. Iron Lace used to be a superb read, and it stood by itself good with out interpreting this sequel. yet discuss beginning a can of worms... However, this one would not stand good on its own. These books are a couple of powerful, wealthy white kin in New Orleans through the time of early Civil Rights awareness. The matriarch stored many secrets and techniques from her family, and upon her death, she had her attorney display the painful truth.

Kate: i haven't learn Iron Lace so i don't understand how this compares, yet i actually loved this novel. i didn't believe harassed or like i used to be lacking something by way of no longer studying Iron Lace first. there have been loads of characters, which used to be complicated to me. i could not hold many of the minor characters within the again tales straight. in addition to that, my in basic terms criticism is that there's a lot of aspect given, occasionally an excessive amount of in my opinion. It bought within the approach if the tale a number of times. differently a great novel that got here jointly well.

Connie: The plot strikes among time classes of a southern Louisiana family members and contains clash among generations, races, fortunes, and political aspirations. Secrets, secrets, secrets. The patriarch of the family, dies with no telling her inner most secrets, and they're doozies. The attorney calls the family members jointly for the examining of the will. everybody who comes needs to remain within the kin cottage jointly for 4 days or forfeit their proportion of the inheritance. And a typhoon is coming. Family? they give the impression of being at one another and say, figuratively, "No way." Yes, way. aside from one. you are going to love to hate the undesirable guys. which of them are the undesirable guys? i like romance novels of the previous South and this mixes that with the hot South. Fortunes are being made and lost. eight out of 10.
