Description

Angeline is brilliant. She knows way more than a child of her age ought to. When she is moved up a class at school she finds that her intelligence doesn't equip her for dealing with the pressures of being with the older group. Soon she is finding refuge with a teacher and her tropical fish and another unlikely student.

Insightful reviews

Ali LAli: Thjis is book is going great so far

Britt-goodie of newsieness : Eh, I liked her more than the Millicent Min one. I mean, she's a pretty good genius, not the "oh, then the pi and the blah blah blah" and stuff like that, like how Brandon talks. She wasn't all that "mmmmm, I'm so smaaaahrt". And she didn't swear like Millicent. I did like Angeline because she rode in a garbage truck. I didn't like how she laughed at the corny jokes, because it was like, "they weren't funny!!" but some of them were, like the one that Gus told. I'm not going to tell them because that would spoil it.

And it wasn't too sad and not too happy like "hee hee hee we're all happy ho ho ho ho" Yeah, it was pretty good.

Elisheva Rina: 2.5. The plot was kind of cliché. ([view spoiler](#))

Dick: it is a more youthful kid's publication that I downloaded to check for my grand kids. it really is a little of a bully publication the place the youngsters do not like Angeline simply because she is so smart. As a result, she befriends one other bullied boy (Goon) who's within the grade in the back of her. He tells the "funniest jokes she has ever heard" whenever he sees her. Angeline has secret in her existence in view that he dad has stored all of the devils that stick with him after the dying of his spouse all locked up within him. This ends up in issues that turn out being like what occurred to her mother. total it is a enjoyable and humorous booklet with moments of tenderness and bathos.

Ruthie: i like this book. made me snort out loud a number of occasions and taken tears to my eyes.

Evelyn: i enjoyed it
