Insightful reviews

Nicolas: I liked the art, but that's about it.

Ben: Superman's Kandor wife was a bit much. About as outgoing as Emma Frost.

Marveenlee: I learned that you don't need power to people and your family

Stargirl: Superman par Michael Turner! Je ne peux qu'adhérer!

Frank: no longer a needs to learn Superman tale yet certainly an exceptional one. Superman is now residing as a lowly baby-kisser in krypton and does not be mindful something approximately being Superman. He has a wife, children and a existence yet we know all of it will visit shit as soon as Kal-El realizes he's Superman. The fights are big, the artwork is cool(even notwithstanding a bit over done) and the tale is interesting. what fairly brings down the tale is that i do not care approximately somebody else within the forged of characters. definite his spouse seems to be cool and the biker gang has cool motorcycles yet they're all poorly written and the single individual I deal with is Superman and Lois (she exhibits up). The soldier (blond bay guy) isn't good verified in any respect and is simply thrown in there to solve the plot. purposes to learn this: Superman's Godfall swimsuit is completely badass

Andrew: in general obtained for the school room library,this has very fascinating paintings yet I by no means relatively obtained into Superman for a reason. Thankfully, as I said, this is often extra for my students.
