Insightful reviews

Deeneez: YA book about a scholarly 10 year old girl of ancient Rome who has a penchant for solving mysteries.

Flavia and friends have finally made it back home after surviving the devastation of the Mount Vesuvius eruption. But now a known assassin has come into their midst...and has taken Johnathan with him to Rome. The others follow in pursuit.

The writer has taken us to Rome itself...and now we learn of Johnathan's family secrets past...the story of their flight from Jerusalem.

Mrs. Roy: Just just started the 4th one, but got interrupted by Taylor "Black" and Prutzzy girl who brought me the MOST amazing book ever...ROBERT PATTINSON, FATED FOR FAME. See my review.

Vicki Cline: The young friends are back in Ostia when Jonathan's uncle arrives with possible news that Jonathan's mother, who he thought had been killed in the seige of Jerusalem, might still be alive in Rome. They go to Rome together and Flavia, Nubia and Lupus follow, with their tutor Aristo as chaperone. They all meet Emperor Titus and get to see Nero's Golden House. This is a fast-moving story with plenty of danger.

Diana Sandberg: This sequence maintains to entertain. no longer extraordinarily deep, yet good written; I rather get pleasure from them and that i just like the ongoing improvement of character. those kids do look particularly younger to be doing what they do, yet i believe it's truly reasonable, given the digital absence of what we predict of as adolescence. humans have been kids till puberty, after which they have been adults. ladies have been often married very younger and anticipated to provide little ones once they hit puberty, so 10yo Flavia's musings a few guy she wishes will not be out of line, and the masculine cognizance and festival for 14yo Miriam is completely conventional.

Zinc Master: i am nonetheless examining the book. It has a cliff hanger on the finish of each bankruptcy which i actually beloved and it used to be stress-free to read. i admire secret books. She positioned each characters standpoint like at one element she placed Flavia's aspect at view then on the other, she placed Jonathan's element of view. It was once very interesting. It was once a good suggestion to place a thesaurus on the finish of the ebook in order that we comprehend phrases and we will examine a bit Latin too. i'm hoping you learn the booklet too!:)

Ashley Publius: This ebook tells the tale of a afflicted Jewish boy named Jonathon, who's

looking for his mom with the aid of his Uncle Simeon, a mystery assassin. because of Simeon's arrival, Jonathon's father is arrested for hiding an assassin, whereas Simeon and Jonathon get away to Rome. Flavia, who's a vibrant girl, is going after him together with her freed slave, Nubia and meets up with Lupus and Aristo to ultimately locate Jonathon and go back to Ostia. All in all, I loved this ebook since it jumbled in the background of Rome, like how town regarded and how much occasions went on within the arena, with an exhilarating plot that stored me reading.
