## Description

Cosimo, a young eighteenth-century Italian nobleman, rebels by climbing into the trees to remain there for the rest of his life. He adapts efficiently to an arboreal existence and even has love affairs. Translated by Archibald Colquhoun.

## Insightful reviews

Niloofer: "The Baron in the Trees" - a wonderfully funny and touching story of a young man who rebels against the world by climbing into the trees and staying there for the rest of his life. The story is told in a simple, straightforward style that is both charming and accessible. The author's use of language is beautiful and evocative, and the story is a masterpiece of storytelling. The book is a wonderful read for anyone who loves a good story and a beautiful language.

Jonfaith: Something daring lurks at the core of this otherwise linear novel. It is a parable of the Enlightenment. It depicts a fanciful revolt against tradition, one leading to an arboreal existence. This life in the trees blossoms through taxonomy into something wonderful.

This wasn't what I expected. I sensed with my typical flawed aplomb that The Baron In The Trees would be a series of language-games with half-covered politics being the nexus of all the fun. There would be no end and the puns would extend outward. I was quite wrong and am damn glad for the experience.

Reza: (The Baron in the Trees is a wonderful story of a young man who rebels against the world by climbing into the trees and staying there for the rest of his life. The story is told in a simple, straightforward style that is both charming and accessible. The author's use of language is beautiful and evocative, and the story is a masterpiece of storytelling. The book is a wonderful read for anyone who loves a good story and a beautiful language.)

Richard Reviles Censorship Always in All Ways: Rating: 4\* of fiveThe writer Says: Cosimo, a tender eighteenth-century Italian nobleman, rebels through mountain climbing into the timber to stay there for the remainder of his life. He adapts successfully to an arboreal life or even has love affairs.My Review: This being a well-known and well-studied book, i assume the writer did not suppose the necessity to do a sell-job on it. That little squib is simply a log-line!! learn this e-book first in ~1974, since it had a cool-looking jacket. It additionally had an Italian author, which used to be additionally cool. however the interpreting of it used to be a revelation as the titular Baron was once the right rebel, enterprise of objective and adamant of spirit. And everywhere what seems, initially anyway, the sort of ridiculous cause: Refusing to consume snails. i might by no means had snails provided to me at that point, and that i was once in complete contract with the Baron. yet because the pages flipped on, i may see what was once relatively at stake was once the appropriate to set one's personal boundaries, to set up a center id through and for one's personal self.All teens resonate to that theme, I think, and that is why i am shocked that this ebook isn't really required studying till college. it'll serve good in junior or senior yr of excessive school. something that bargains with the method and value of turning into and being someone turns out to me to be an excellent healthy for that age. Plus it really is fantastically translated, so it is easy to read.And for the record, I ate snails the 1st time they have been provided to me. They have been delicious.
