## Description

HE WAS ATTRACTIVE ENOUGH TO TEMPT EVEN A VERY DEDICATED BLUESTOCKING!

A woman of independent means with a healthy dose of cynicism about the male population, Harriet Tremayne is content with her circle of spinster friends and their devotion to literature, women's rights, and other intellectual interests.

However, when she undertakes a London Season for her beautiful but featherbrained niece, she concedes she must appear less a bluestocking and more a fashion plate to successfully sponsor an impossible miss whose only real desire is to consume chocolate.

Certainly her modish new appearance has nothing to do with the attentions of Lord Dangerfield, a wicked man of the world who has designs on the fair Susan, but spends an inordinate amount of time trying to convince Harriet of his all-too-obvious attributes...

## Insightful reviews

Therese: This one was extraordinarily droll. Definitely makes riding transit more palatable to have something so good to read.

Damaskcat: Harriet Tremayne, bluestocking and wealthy spinster, has been asked to chaperone her niece, Susan, during her first London season. To do this she needs to revamp her own wardrobe and general appearance which leads to a falling out with her friends. She also needs to persuade Susan that life does not consist of eating chocolates and failing to wash.

Harriet soon realises that her troubles are only just beginning when Susan attracts the attentions of Charles Courtney and the enmity of the mistress of the attractive Lord Dangerfield. This is a funny and fast paced Regency romp with some endearing characters – the prickly Harriet and the unconventional but beautiful Susan.

If you want a book that doesn't take too much effort to read and you want to be entertained for an evening then you could do worse than read 'The Chocolate Debutante.'

P.: The heroine-spinster is just the least interesting person in the room, always out-smarted and out-classed by her 19 year old niece. You can't even think of a reason for the hero to fall in love with her.

Tria: exciting mix of Regency-style romance and comedy.

Grace: Hilarious! One of these books which are simply outright fantastical in its plot, and by some means makes you chuckle for the sheer outrageousness of it. Protagonist has been left answerable for her niece, a lady who is hooked on chocolate and cannot consume it enough.

So she has to plot the way to marry off the girl...

Deborah Vespo: humorous story, humorous characters. enjoyed the scene the place her lazy, with none self-control, chocolate consuming niece eats the center-piece at a ball after which later discovers her fiancé Charles is whatever she wishes even more. Bluestocking, independently wealthy, and who has no religion within the masculine sex, Harriet Tremayne is excited together with her reclusive life. She hangs together with her spinster associates and needs for not anything more. Her sister, who's continually striking at the fringe of death, in her personal mind, contacts her and asks her to carry her "incomparable" daughter out for the season. The good-looking and rakish Lord Dangerfield before everything seems to have emotions for Harriet's younger cost yet whereas nonetheless is exerting that attraction at the newly dressed and fantastically quaffed Harriet, all whereas facing a slightly lingo like villain. enjoyed it!
