## Description

What would happen, if the members of the Roman Curia discovered that the Pope was about to publicly state that he had received a private revelation that the world was about to end? Pope Gregory XVII claims to have received a private revelation of the end of the world - an apocalypse coming not in some distant future but at any moment. Is he a madman, as his cardinals suspect, a mystic, or a fanatic grasping for an unholy power?

## Insightful reviews

David: The Clowns of God by Morris L. West (Compania Financiera Perlina 1981)(Fiction – Mystery). (SEE UPDATE BELOW). To summarize, the Pope abdicates. Now what? Folks I respect love this, but I've tried it several times over 20 years and can't get through it. My rating: 4.0, finished 1/18/12. (UPDATED REVIEW 12/10/14): The Pope is forced by the Cardinals to abdicate. Why? Because the Pope was convinced that God had spoken directly to him and had revealed that a major war was coming. Could it be true? Interesting trivia: the "Clowns of God" referred to in the title are humans who have been designated in twenty-first century parlance as "differently-abled" - in this case Down's Syndrome. My rating: 7/10, finished 12/9/14.

Livvy: Morris West never lets you down-always an enthralling read, even though my non-conformist background is far removed from Catholicism. The most moving part of the book for me was the page near the end, where the "Clowns of God", the Down's Syndrome children are described, so I wrote it out in my reading journal.

Eric: A thrilling and suspenseful ride through cold war Europe on the back of a scholar and his friend the pope. Don't let my opening sentence fool you, this book is not for the faint of heart, but I'd have to say it's quite on par with anything The Da Vinci Code could conceive of. Of course, for you realists, all the religion might get to you a bit. Even though I enjoyed it so thoroughly, it took me about 3 months to read it when I first got it from a library book sale.

Mizales: ya lo habia leido antes , pero ahora lo disfrute mas, pues estuvimos trabajando en mi grupo el tema del apocapipsis.muy bueno1si alguien me puede decir quien es el personaje al que Morris west personifica como Karl Mendelius, en los angeles vida real?Miguel

Daniel: i do not know the way I discovered of this book, could have been right here on Goodreads.com, i do not remember. however it turns out there's a spirit that publications me and drops books in my lap which are on an issue or include a message that i must listen at that time. The Clowns of God used to be simply this type of book. The message, to me, used to be that even an abdicated Pope has whatever to profit concerning the methods of God and guy hit me, simply because our preconceived notions and ideology approximately humans and lifestyles simply should be wrong. pay attention for the voice of God, ask him for what you need, and settle for the reply as God's reward of grace in our existence correct now.

Jerry Wendt: all people recollects Morris West for his booklet " The sneakers of the Fisherman," a superbly written e-book a couple of new pope who revitalizes the Catholic Church and

---

reinstates "humility" to the Church. it's very even more attention-grabbing in mild of the recent Pope Francis. It was once additionally made right into a riveting, lush, and pertinent movie starring Anthony Quinn at his best. despite the fact that "The Clowns of God" that's grouped into what they now name West's "Vatican Trilogy" with "Shoes," this ebook and "Fisherman" whereas "Fisherman" is his top known, "The Clowns of God," for my part is his most sensible book. His writing, plot improvement and morality story are expertly woven into an engrossing story that retains you analyzing impatiently the entire means through. as a consequence Pope Gregory gets a message at once from God and being ridiculed and doubted, he abdicates the excessive place of work and retires to the rustic of Italy to manage to a flock of poor, sick and misplaced souls. i will not let you know what occurs from that time with no spoiling it for you, yet i do know you can find it attention-grabbing and value the read.
