Cecily: A self-titled "Judge Penitent" residing in Amsterdam tells his lifestyles story, over a number of days, to a guy he meets in a bar, bizarrely referred to as Mexico City. it really is written as a primary individual monologue, with occasional asides and replies to the opposite man, which provides the narrative a truly unique voice. Although a really brief book, it's not one to hurry as lots philosophy, legislations and theology is explored. (It is definitely a lot heavier than *The Outsider* or *The Plague*.) You observe how an it appears altruistic and upstanding citizen involves reside a really various type of life, with out unmarried turning element – which probably makes his next depravity and duplicity extra alarming. the belief (for me) was once that in basic terms fallen humans can pass judgement on others – yet that we're all fallen. beautiful pessimistic, really.

Leo Robertson: Awesome, powerful, virtually scarily compressed, seductive, peppered with ironic humour, unreadable then readable then re-readable. Camus' Jean-Baptiste strips away the artifice and illusions of civilization having undeniably fallen out of it and as a result witnessed the pointlessness of it, striving with the remainder of his time to wrench others out too. a simple task, as as soon as the reader is made conscious of the absurd, it turns into an obsession, and she or he too could do something of their energy to not go back to (wo)man's obdurate hope. As bleak as this would sound, self-proclaimed judge-penitent Jean-Baptiste doesn't practice this act with no need fun, with out reeling the reader in, intentionally teasing with tricks of his destiny confessions, and measured jabs of dry wit. this can be a provider he offers to chers compatriotes with pleasure. Why might I then break his fun? learn it 3 times. Pairs good with the

parable of Sisyphus and a wide glass of gin, that one and purely palliative.

Victoria Mixon: i like Camus. he is as a rule lumped with the existentialists yet was once really an absurdist. I mean, while your protagonist will get convicted of matricide simply because he does not cry tough sufficient at his mother's funeral (The Stranger)---THAT, folks, is black humor. And the autumn does not disappoint. during this outstanding twist on first-person narrative, the protagonist speaks to not all readers quite often yet to you specifically, solid as you're within the function of an clever Parisian legal professional the mysterious Jean-Baptiste occurs to fulfill in a lowlife Amsterdam bar: Thank you. provided that i'm sure i'm really not being a nuisance. you're too kind. i'll stream my glass over beside yours. Every unmarried web page of Camus' vintage novel of philosophy has anything new, interesting, contradictory, surprising, and profound. He even manages to paintings in visible info with no being obvious, motion with no being clumsy, dialog---responses to the reader!---without sounding easily idiotic. And the constitution is an workout in brilliance. whilst the top wraps again round onto a portray that simply occurs not to dangle on a specific wall, manner up within the beginning, it really is fabulous. And while the complete aspect of the whole novel seems to hinge solely on Camus' strange narrative style. . . Oh, then you definitely understand you may have simply spent one hundred fifty wonderful pages within the fingers of a master.
