Description

Welty is on home ground in the state of Mississippi in this collection of seven stories. She portrays the MacLains, the Starks, the Moodys, and other families of the fictitious town of Morgana. "I doubt that a better book about 'the South'-one that more completely gets the feel of the particular texture of Southern life and its special tone and pattern-has ever been written" (New Yorker).

Insightful reviews

Silas oliveira: As Maçãs Douradas do Eudora Welty é de certa forma além da mente humana; além do que endereços ficção. A ficção de Welty é poesia , mas, além da poesia. É complexo de formas não sobrenaturais , mas talvez de forma sobre-humanos : de formas que são , mas real, que estão além da mente humana. Virgie , na história de encerramento da coleção, " The Wanderers ", é um bom exemplo disso:

Ela sabia que agora no rio, onde tinha estado antes em noites de luar no outono, bêbado e sem sono , névoa estava na água e encheram as árvores, e para os olhos para a lua seria um cone, um chifre longo silêncio, de luz branca. Era uma conexão visível como o cabelo está no ar , entre o eu ea lua , para fazer o auto sentir o filho, uma filha muito, muito para trás . Em seguida, a água, mais quente do que o ar da noite ou o eu que pode ser de repente frio, como todos os outros braços, levaram o corpo em muito , correndo sem visibilidade para a boca . Como ela deriva no rio, muito alerta , muito insolente em seu coração naqueles dias , a névoa fina pode momentaneamente e jóias brilhantes olhos ficaria fora da linha de água eo banco. Às vezes, no mato um vaga-lume que clarear , dentro e fora , dentro e fora , por tanto tempo no meio da noite , enquanto ela estava lá para ver . (454 *)

Nada sobre o número anterior, é além da realidade , mas é na verdade além da consciência humana normal. É como personagens do livro são constantemente dentro de meditação , absorvendo todos os detalhes em torno de si : fazer até mesmo o minúsculo " visível como o cabelo está no ar . "

Meditação se estende bem além do mundo natural, mas a todas as pessoas de Welty Morgana , Mississippi : de socialites borbulhantes não exatamente como a de Virginia Woolf Mrs. Dalloway aos homens introvertidos como Ran MacLain de " todo o mundo sabe ", esses personagens são temas de meditação de Welty e são tão adorável e claro para ela que , " no mato um vaga-lume [que] iria clarear , dentro e fora , dentro e fora , por tanto tempo no meio da noite , enquanto ela estava lá para ver . "

Stephanie Ricker: I've been plodding my way through The Golden Apples for what seems an eternity. I think I've been indulging in a little too much Welty lately, or maybe this just isn't as good as her other works, but for some reason I'm bored stiff. The chapters are very long, very uneventful short stories that more or less all tie together into one timeline, and I know I read "Moon Lake" in another collection. I was unimpressed that time too. Nothing happens, and it takes such a long time doing it--a good bit of the action that does take place is seemingly random or at least without consequences.

Goodness, I'm such a Gloomy Gus of a reader this week!

Elizabeth Urello: Why did it take me so long to read more Eudora Welty? We should all just be reading Eudora Welty all the time.

Jeff: As I proceed examining the tale collections of Welty i need to confess I nonetheless fight together with her style. certainly there have been a few tales during this assortment that i may nonetheless not, even without delay after reading, clarify precisely what used to be instructed and it really is meant meaning. numerous of the tales during this collection, as a result of their size and form, have been extra novellas than brief stories. of those Moon Lake and The Wanderers have been the easiest with the latter being the main telling.

Amber: the most amazing, beautiful, and remarkable sequence of brief tales i have ever read. The characters are so layered and messy and complicated. They turn into actual humans by the point you succeed in the tip and you are left grieving for a few and relieved and satisfied for others. The final of the tales is very attractive and will not ever be forgotten.

Caitlin: brief tale collections usually are not continually my ebook of choice, yet "The Golden Apples" is a phenomenal read. just like Anderson's "Winesburg, Ohio" in that the quick tales are interconnected in the course of the characters and the setting. i discovered this learn very inspirational.
