## Description

When Peter, Susan, Edmund and Lucy took their first steps into the world behind the magic wardrobe, little do they realise what adventures are about to unfold. And as the story of Narnia begins to unfold, so to does a classic tale that has enchanted readers of all ages for over half a century.

This stunning version of the classic *The Lion, The Witch and the Wardrobe*, illustrated by Christian Burningham, comes with a special recording of the story which features a full production and specially composed music which transports the listener straight to the heart of Narnia. An absolute must for Narnia fans, and an excellent way of introducing the magical story to a new generation of readers. -

-Susan Harrison

## Insightful reviews

Aimee: I just re-read this book and got so much more out of it than the first time. The symbolism & parallels to basic Christianity stuck out.

\*turkish delight is our human nature, prone to addiction, selfishness and wrongdoing

\*Peter said about Edmund, "We should go after him. After all he is our brother." Even though he had just betrayed them and was causing grief they didn't mistreat or disown him.

\*The very mention of Aslan's name caused certain positive feelings to come over them all they didn't know why. But it made Edmund feel guilty.

\*After Ed was returned and his siblings saw him for the first time Aslan said, "Here is your brother and there's no need to talk about what's in the past." They forgave their brother. Aslan neither excused him nor condemned him.

\*They all knew better than to go into a wardrobe & shut the door as the book mentions a whole bunch of times. We regularly do things when we know better.

\*The professor makes them think and questions their disbelief in Lucy's story. This is something the movie totally leaves out. "Who would you usually believe, Lucy or Edmund?" etc. Edmund shows the worst side of human nature, to betray & let others down.

\*I love that Father Christmas comes giving gifts that represent the gifts & talents we each have to help others with and to overcome evil with.

There's more but I have to go! Loved the book. And the movie.

Jessika: Every time I read this wonderful story, it's like catching up with an old friend. I've read this particular Narnia book so many different times, but it never ever gets old. I love the fact that I can pick up this (or any of the other Narnia books, for that matter) and step into a whole other world. I also particularly enjoyed the fact that I found that I could relate with each one of the children, although I must say that I was partial to Lucy! Additionally, I love the role Aslan plays in this book because I think the ultimate sacrifice that he chooses to make shows how innately good he is. Even though this book is an easy read for me now at 18, this is one of those kinds of stories that you can never grow too old for. I really liked the line C.S. Lewis wrote in his

---

dedication: "But some day you will be old enough to start reading fairy tales again." Isn't that the truth? Overall, I'd definitely have to call this a classic that everyone should read at some point or another.

Zhangdaixi: TI BE HONEST.I cannot stand the way that the writer use.THAT is too bad.THAT sometimes make me confuse.Some people said that this book is full of imagine.But for me the imagine is all dumb and null thing.It make my imaginary heart be covered with frost.

Jason: studying this ebook is a waste of time. To be honest,this ebook is completely a rubbish!

Erik Graff: in the course of my freshman 12 months at Grinnell university we had resident advisors, a pair who lived downstairs in unfastened corridor dorm who have been there if we would have liked them. That by no means happened, yet they have been pleasant and welcoming, their door often open to visitors. My roommate, Richard Hyde, had a few dating with them and invited me to hitch him for a visit.Skip and Flo have been Christians! That was once intriguing. I requested them approximately it they usually gave me a solution which I basically got here to appreciate years later, after i would learn Schweitzer and Bultmann. It primarily amounted to their agreeing that, yes, Christianity was once absurd and that the center of it used to be Christ crucified. now not the resurrection. that is absurd. Christ crucified. --At least, that is the means I constructively interpreted those great humans 4 years later while i really had come to grasp quite a bit approximately their religion.They additionally loaned me a replica of Lewis' kid's book, The Lion etc., first quantity of his Narnia series, most likely simply because i might pointed out having learn and cherished his Perelandra Trilogy and autobiography. Dutifully, I gave it a try...and hated it. Now, as an grownup of sorts, having additionally learn and despised his Screwtape Letters, i'll see during the tale to the underlying propaganda and it afflicted me much that youngsters have been meant to be uncovered to it. Still, they have been great people. I suffered during the factor out of admire for them.Now, reflecting alone early publicity to, and appreciation of, C.S. Lewis, i'm much less susceptible to be upset. I survived the insidious brainwashing. it seems that my fourteen 12 months outdated niece has controlled to take action lately as well.

Abi: I learn this while i used to be little (I may bet approximately 7, eight or 9), and that i did not decide up on the entire Christianity references, regardless of them being SO overt. What I did consider used to be astonishment that the kids all enjoyed Aslan so much, while i assumed he used to be vastly sanctimonious and sickening as a character. i couldn't stand that lion. i did not wish the Snow Queen to win exactly, i did not like her either... yet even as i needed somebody to teach the lion up, or strength him to do whatever attention-grabbing that may express he wasn't an unmitigating goody-goody. Aslan used to be just... ugh, thoroughly dimensional in his perfection, and so boastful and arrogant. He used to be unbearable. I loved the fantasy, however the aspect that I now recognize (and am astonished that I ever did not realise) is the Christian allegory made me scornful of the nature who was once presupposed to be the perfect 'goody' and left a sour flavor in my mouth that eventually ruined it. I loved different books within the sequence more, a few greater than others (enjoyment elevated exponentially as Aslan's involvement decreased), yet this one used to be the worst.
