There's a whole new set of rules to learn when you're the new girl!

Format: 4 CDs, Unabridged

Allie Finkle's starting her first day of school at Pine Heights Elementary! Plus, she's getting a new kitten, the first pick of show cat Lady Serena Archibald's litter!

But being the New Girl is turning out to be scary, too, especially since one of the girls in Allie's new class -- Rosemary -- doesn't like her. In fact, Rosemary says she's going to beat Allie up after school.

Everyone seems to have an opinion on how Allie should handle the situation. How can Allie tell who's right? Who knew it was going to be so hard being the New Girl?

Insightful reviews

Kaethe: Now I have to wait for the Possum to give it back.

Waiting for the Possum to finish.

Well, the Possum went away for the weekend, and left the book behind. Slurp. I read it in one not very long sitting. Meg Cabot manages the eager and anxious girl's voice very well. A great book for me to get inside the fourth grade, and while by no means a problem book, good for kids, too. Allie ends up asking multiple peers and adults for advice, and thinks about it, and evaluates it. I hope there will be a lot of these for me to share with the Offspring.

The Possum and I are both a little surprised by Allie's dismay at the very end, but otherwise we both really enjoyed it. Cabot seems to get into the mind of third and fourth graders amazingly well.

Kaitlyn Crawford: i liked this book because it was good in the begging when she got her kitten once she moved into her new house. but i also did not like it cuse i think that it kept talking about the same. With run on sentence. And i think it was a little boring and not as exiting as ithought.

But i really like when she went to the barn full of kittens to get hers i really liked this part because i think it was interesting how she wanted to take a million of cats with her (i dont think she relized how much work that would be)but her mom and dad tould her she could only have one pet so she decied that she wanted a little grayish black kitten. Matter fact i think that could be my favorite part.

My least favorite part is that theres a bully out to get her. I hate that part because its rude and uncalled for to make fun of people or hurt them or there fellings.

Terrie: Allie is at her new school. She learns to deal with a bully, the pressure of a spelling bee, living in a haunted house, and eagerly anticipates the birth of her kitten (which comes with unforeseen complications.) One of the great rules of the book, which really helps Allie is "if you say it enough times in your head, it will come true (sometimes.)

Chelsea: A candy story, yet no longer as good as Cabot's younger grownup fiction. Allie is absolutely only a younger Mia - they've got an analogous voice (which, actually, is Cabot's voice. it comes via in all of her characters, in various degrees, and he or she writes the very same means in her blog. it is a captivating voice, certainly, and extremely funny, which means i will forget it extra usually than not, yet all of her characters percentage it.), either have lots of neuroses (or as on the subject of neuroses as a forth grader can have), and they are either captivated with their cats. notwithstanding i discovered Allie annoying, whereas I seldom consider that manner approximately Mia...I imagine young women will love the series, yet it isn't one who interprets good to older readers. i do not believe i will trouble with the others within the series.

Jennifer Wardrip: Reviewed by way of Breanna F. for TeensReadToo.com After having moved along with her kinfolk to a brand new local in a marginally creepy outdated house, Allie is the "New Girl" at Pine Heights Elementary. Being the recent lady isn't really all that easy. Sure, she's made a few nice new associates and she or he loves her new teacher. She even will get to move domestic for lunch simply because her home is simply blocks clear of school. yet there's a woman in her class, Rosemary, who is not so keen on Allie or even threatens to overcome her up. Allie retains getting recommendation from each person approximately what do in regards to the entire Rosemary situation, yet she has no thought which factor is the proper thing. in the course of all of this faculty drama, Allie can also be being concerned approximately her destiny kitten, Mewsette. the mum of her kitten gave beginning to her muddle early, so all of the little kitties are premature. terrible Allie, what is a brand new lady to do? Awww, this was once a very lovely moment e-book to the ALLIE FINKLE'S principles for women series. I enjoyed it! i am satisfied Ms. Cabot began writing for more youthful readers. My cousin goes to like this whilst I provide it to her for her birthday subsequent month. certainly have your little sisters (or even little brothers) fee it out. Hopefully, they're going to love it -- Allie is this type of enjoyable girl!

Stephanie Mohler: i really relatively beloved this publication (I'm no longer an enormous fan of hassle-free fiction). Meg Cabot writes Allie as an intelligent, actual woman with out her being overly precocious. Allie and her relatives have simply moved right into a new apartment this means that a brand new tuition and knowing the best way to be the recent girl. Allie bargains with assembly new friends, spelling bee stress, a faculty bully, and grandma issues. nice
