Description

In the fishing community of Fjällbacka, life is remote, peaceful, and for some, tragically short. Foul play was always suspected in the disappearance twenty years ago of two young campers, but their bodies were never found. But now, a young boy out playing has confirmed the grim truth. Their remains are discovered alongside those of a fresh victim, sending the tiny town into shock.

Local detective Patrik Hedström, expecting a baby with his girlfriend Erica, can only imagine what it is like to lose a child. When a second young girl goes missing, Hedström's attention focuses on the Hults, a feuding clan of misfits, religious fanatics and criminals. The suspect list is long but time is short—which of this family's dark secrets will provide the vital clue?

Chrysa: Great book! I found it equally good with the first part of the series ("The Ice Princess") and I am looking forward to read the next part ("The stonecutter").

Adriananas: This book was OK, but that is all it was. The development of the mystery was not thrilling at all, as it was a bit boring and dragged out. way too much information about characters that don't matter and don't have any role in the solving of the murder. After a while I started to skip all the bits about Erica because they were so irrelevant. Too much vital clues about the murder are revealed too late in the book. I wish they were spread out more evenly, as the first part of the book felt a little uneventful.

All in all, an OK book, but left a lot to be desired from a crime novel. Where is the suspense and thrill?

Clara: 4.5Creo que este libro es el claro ejemplo de que muchas veces, las palabras que

decimos se quedan grabadas en las cabezas de las personas, y que no las olvidan nunca. También es un claro ejemplo de que no hay que mentir, o por lo menos decir l. a. verdad en algún punto. Me gustó mucho, al igual que el primero de l. a. saga, aunque este me dejó bastante triste cuando lo terminé. Es realista el final, y por un lado me gustó que haya terminado así porque se acerca bastante a los angeles realidad de lo que pasaría. Pero no niego que me hubiera gustado aunque sea un poquito más de felicidad, aunque no hubiera sido muy creíble. Me da los angeles impresión que cada libro es mejor que el anterior, así que tengo ganas de leer los siguientes.

Védís: Aftur tekst Camillu að gefa mér undir meðaltals glæpaupplifun. Í þessari bók fer athyglin alveg yfir á Patrik frá Eriku sem spilaði stóra rullu í Ísprinsessunni. Erika er hér orðin ólétt húsmóðir, algjör aukapersóna, sem hefði þannig séð verið hægt að sleppa. Sama má segja með systur hennar, hennar hlutar í sögunni voru fáir, smáir og illa unnið með þá en þeir eru greinilega hluti af einhvers konar "long game" seríunnar. Til þess að það virki verður að gefa aðeins meira í hverri bók. Fyrir þá sem lesa bara þessa bók (sem eru eflaust margir) mun þetta koma út eins og klúðursleg bók, uppfull af einkennilegum óunnum aukapersónum og útúrdúrum. Og þrátt fyrir að þekkja baksöguna í Ísprinsessunni var tilfinning mín slík. Camilla hugsar þetta allt of mikið sem seríu og gleymir að huga að hverri bók sem heild. Patrik er sami saklaus gaurinn og þarf að eiga við erfitt sakamál, hann gerir það vel en stundum svolítið klúðurslega, sem er skiljanlegt miðað við að vera lögga í smábæ í Svíþjóð þar sem morð eru einstaklega fátíður viðburður. Það fór í taugarnar á mér hvað Camilla var alltaf að reyna að fela hluti frá lesandanum. Það voru símtöl, dagbækur, bréf o.s.frv. þar sem sérlega mikilvægar vísbendingar komu fram - en lesandinn fékk ekkert að vita hverjar þær eru. Þetta finnst mér leiðinleg leið til að byggja glæpasögu á. Ég vil rannsaka málið með löggunni...Ég saknaði líka Fjällbacka, krúttlegi smábæjarfilingurinn var horfinn, þetta hefði getað gerst nánast hvar sem er, Fjällbacka gaf Ísprinsessunni sérstöðu sem vantaði hér. Ég kláraði bókina þrátt fyrir vankanta en hún hefði getað verið svo miklu meira spennandi.

Jenn: it is a keep on with as much as the Ice Princess. this is often rather extra like 3.5 stars, I marked it down from four stars end result of the loss of Erica. This personality that took heart level within the final e-book was once relegated to the pregnant female friend position and that I hated it. Her colossal tale was once having to house uninvited guests! Ridiculous! She gave the look of a part of the scenery. I additionally did not like how Anna used to be relegated to some pages, it gave the look of the writer simply did not recognize what to do together with her after her substantial drama in booklet one. whereas I'm nonetheless complaining, this ebook might have been a hundred pages shorter simply because there has been loads of whining in regards to the warmth and many again tale concerning the suspects that used to be unnecessary, we do not have to appreciate or believe for them. at the reliable side, it was once stable to get to understand the police body of workers better, and the enhancing is stronger from the 1st book. The secret used to be respectable and I'm hoping that Erica is again complete strength within the subsequent ebook or it can be the final of the sequence for me..
