Description

Four best friends, one graduation cruise, a week of partying. Eight days of strife and storms . . . It's supposed to be the best eight days of their lives. Bonds will be broken... But when a fortune-teller predicts trouble the night before their trip, One of you will not come home... Fiona, Killian, Alma, and Yoli are left on edge, wondering what it could all mean. Gaby Triana gets right to the heart of that thrilling, nerve-wracking, exhilarating, terrifying, amazing time that comes right after graduation, when the big question is: Where do we go from here?

Insightful reviews

Rachel: Released April 2008

Wisty: More of a 3.7

This was a quick, nice read. It was worth it for the "Love Boat" reference because I love that show!

However, the friendship of these four girls didn't seem real. They were all kind of rude and judgmental to each other, which is not real friendship!

BookChic Club: In Triana's latest novel, she deftly writes about that very confusing time between high school and college, expertly maneuvering through the friendship that these four girls have with humor, warmth, and heart. It's a quick read and very engaging, with a spectacular ending.

Jennifer Wardrip: Reviewed via Cana Rensberger for TeensReadToo.com Fiona and her 3 most sensible pals are approximately to embark on a commencement cruise to the Caribbean, one final experience jointly earlier than they head their separate ways. On a whim, they comply with have their fortunes informed by means of Madame Fortuna on the senior reasonable the evening prior to departure. Madame Fortuna predicts strife and storms. Then, after turning over the dying card, she proclaims, "One of you won't come home." With trepidation, the women set sail at the Temptress the next morning, every one with their very own expectancies of what the week may perhaps bring. On a boat the place not anyone is aware them, they're unfastened to step out in their convenience sector and take risks. yet will the bonds in their friendship be robust adequate to carry them jointly during the storms and strife to come? What follows is a scrumptious romp via per week of ship's parties, dances, delicious food, and romance, no matter if it really is forbidden. the ladies shop, they get a bit sun, they take pleasure in complete physique massages, and, oh yes, allure loads of attention. Imagine: 4 beautiful, sexy, younger ladies trolling the decks for fun. Gaby Triana has performed a stunning task of constructing 4 particularly different, but fascinating, characters. that they're so shut is either fantastic and fully believable. i used to be intrigued whilst I learn the blurb in regards to the booklet at Ms. Triana's site and used to be no longer disappointed. With lots of laughter, love, and tears, this is often an attractive tale of a voyage into maturity and independence that are meant to no longer be missed.

Makaria: i actually loved how this e-book used to be written and that i rather take pleasure in how the characters are so diversified from one another yet healthy completely as top friends. but the abrupt finishing and the most characters offerings might have been better.

Rachael: top neighbors Fiona, Alma, Killian, and Yoli have simply graduated excessive school. In celebration, they embark on a Caribbean cruise, and they're made up our minds to have the time in their lives earlier than splitting ways. yet a trip to a fortune teller at a carnival forewarns hazard for his or her trip. Alma and Killian push aside the prediction as a trick to scare them, yet Fiona and Yoli can't support yet be fearful that one in all them won't come home, as foreseen through the fortune teller. The Temptress 4 is a enjoyable tale in regards to the interwoven lives of 4 top associates and so they fight to determine what they need to do with the remainder of their lives. it's a query many adolescents ask yourself about, as do Fiona, Alma, Killian, and Yoli on their enjoyable cruise. the ladies swap and develop at the journey as they find out about themselves and what they wish in life. the tale used to be now not as significant because it could've been, however the message did get throughout to me. The seriousness of the query is offset by way of the tropical atmosphere and enjoyable possibilities supplied through the cruise, which lightened the temper of the story. i'd have beloved the tale to be informed in exchange narrations among the 4 friends, however it used to be merely advised from Fiona's point-of-view. This one point would've made the radical a lot better, simply because I felt that I didn't get to understand any of the characters other than Fiona. regardless of its few drawbacks, The Temptress 4 was once a enjoyable learn for me, and received me within the temper for summer season vacation. i like to recommend this novel for a light, enjoyable read, almost certainly as a booklet you're taking alongside to the seashore or pool on a sunny day. reposted from <http://thebookmuncher.blogspot.com>
