## Description

There once was a very ugly bug, with spotted legs, googly eyes and a horrible hairy back. She wonders why her friends have pretty small eyes, shiny green backs, or nice fluttery wings. The ugly bug thought that if she looked like her friends, then she would be more beautiful. So she made herself a disguise. But her new costume made her even tastier looking to the birds! When a bird swoops down to gobble up the disguised ugly bug, something strange happens... The big scare made the very ugly bug even uglier! So ugly in fact, that the bird was scared away. The ugly bug learns that just being herself is the best defense. Liz Pichon's witty text and colorful artwork highlight this story about self-acceptance.

## Insightful reviews

Amber: I was apprehensive about this book as it uses the word "ugly" so often, but it is about bugs, my son's favorite, so thought we'd try it. Glad we did. Cute moral.

Lizettes Escarpita: Funny, short, and easy to read novel!

Chloe Shayler: A funny book that people of any age will enjoy.

The Very Ugly Bug is sick of standing out. While all her friends are camouflaged, to hide from birds, the VUB sticks out like a spot on a model's nose. It makes her very clear to any predators that may want to eat her.

A hilarious book with a good message. Kids will love it :-)

Alice: this can be a nice booklet approximately researching distinction and understanding that varied doesn't suggest higher or worse, it simply potential different. The grotesque trojan horse isn't like some other bug, yet what we study is that the small or googly eyes and different positive aspects of a bug, are protecting mechanism...and being grotesque can scare the predators away. I just like the illustrations, i admire the story, it is a stable one!

Aprils: This ebook used the note "ugly" repeatedly to explain the feminine major character. i don't believe that you should use that notice in a kid's e-book since it encourages teenagers to categorize humans as both "ugly" or "appealing." i do not like that binary opposition. i believe that youngsters will be inspired to have fun all types of lifestyles and the entire varieties that existence can take. Also, the ending, during which she reveals a male computer virus to validate her, leads readers to imagine lady personality can purely be absolutely redeemed from her ugliness via the affection of a male character. It was once an pointless addition to the story.

Cindy: an exceptionally humorous publication that teaches a truly invaluable lesson of affection who you're and do not you should be somebody that you're not.

You will hold in the will find recent to top governing. The will sell you to explore prevention for the day comes. That all a person than eventually verifying a few investment so the free
