Insightful reviews

Prestoni: Great read, but sad reflection on women's precarious place in society in that time, made even more depressing by the fact that some of the worse judgment and treatment of women came from women!

Still a great read with an odd ending. I would recommend it to anyone.

Lorraine: Austen fans will probably like this book about a minor character in Jane Austen's Mansfield Park, Harriet Ward. She's minor enough that it didn't feel like the author was rewriting Austen or treading on "sacred" Austen ground. I also didn't have to think too hard, so it was a nice summer read.

Richelle: Just having read Mansfield Park, this was an interesting side line. in a similar tradition. Like Fanny Price, Miss Ward (her aunt) was sent off to live with family though for different reasons. It illustrates how life can change drastically due to the decisions we make or that others make for us.

Dianna: i feel humans wouldn't be so harsh within the reports of this publication if it stood by itself advantages and didn't beg to be in comparison with Jane Austen. Joan Aiken is extra identified for her gothic Romances than a author within the kind of Jane Austin. This ebook definately has the various Gothic motifs with sickly abnormal-hidden away children, love relationships pissed off and after all unfulfilled, fires etc. Jane enjoyed a contented finishing of types with the heroine fortunately connected to the fellow of her desire. Joan does not supply us this. in its place she speedy ties issues up in spite of everything via pairing the heroine up with a person else. It simply didn't tie up as well as Jane might have performed it. When you decide up a Jane Austen novel you predict to be dazzled with turns of words and wit that stuns you. you predict to reread passages and surprise at how that's simply the best approach to convey something. Joan doesn't catch this essence of a Jane Austen sort novel. She interjects a few attractive poetic couplets and stanzas. She additionally creates a believable personality and upload a fascinating layer to the total Mansfield Park story. I suggest I felt like "It may have occurred that way" after studying the book. There is one a part of the ebook that appeared altogether fantastic to me though. Joan has the nature Fannie cost (who in either the unconventional Mansfield Park and this one, is often enforcing upon the mercy of her relations for monetary or different assistance) ship a letter refusing to simply accept any further monetary the aid of Hattie because of her embarrassing marriage to a butler. She offers because the cause that her different sisters have instructed her she needs to for Fanny's sake and the family's strong name. i feel in fact it might be extra real looking for her to have persisted to just accept the help whilst it was once sent. I think this publication wouldn't endure such undesirable stories if the readers' appetites weren't prejudiced to count on one other MANSFIELD PARK or satisfaction AND PREJUDICE.

Sandy: For Jane Austen lovers this e-book precludes the improvement of Mansfield Park and descriptions the growing to be up of Mrs. Norris, woman Betram and their sisters...the plot strikes quick however the authors kind is the same to Jane Austen.

Jane Lee: very Jane Austen- 'esque'. I loved analyzing it, i like to recommend it to the Jane Austen lovers out there.
