Insightful reviews

Katieb (MundieMoms): This is such a great book for those who have been thumb suckers and for those who have thumb suckers. Lulu is a thumb sucker, and at an age where she should be out growing it, but feels too attached to her thumb to let him go. When she awakes one night from a nightmare of having buck teeth and unable to say words correctly, Lulu decides it's time to stop sucking her thumb, and comes up with a 12 step program to stop.

Lulu has a great voice and she's one my daughter loved reading about. We enjoyed reading about her program and what she did to stop sucking her thumb. It's not easy to stop, but with a little will power, not giving up and having support, Lulu shows readers they too can stop sucking their thumb.
