Description

Alexander Kent is the pseudonym of Douglas Reeman, a contemporary British writer. Reeman joined the British Navy at 16 and served on destroyers and small crafts during World War II, eventually rising to lieutenant. He later worked as a London detective and has served as a script advisor for television and film. He travels extensively, scouting locations for his books.

Drawing on his extensive experience and research, Alexander Kent writes with engaging authenticity. His best-selling Richard Bolitho Novels (numbering 23 volumes) have achieved world-wide sales of over 20 million copies and have been translated into nearly two dozen languages.

Insightful reviews

Pete: enjoyable

Robert: Thew book that got me started on naval fiction.

Writerlibrarian: This is the first one published back in 1968 and it has all of the seeds (story wise) of the ones published later that come before it in the time line. I'm really happy that I was able to read them chronologically because if I had I started with this one I would not have had the joy of getting to the crescendo of the story that climaxes in this book. In *To Glory we Steer*, we have Bolitho commanding his first frigate, a ship with a very dark cloud looming over it. Mutiny, distrust, tragedy. Bolitho must gain the trust of his crew despite the weakness of the officers serving under him. *To Glory we Steer* closes a part of Bolitho's life with a very big bang. It also ends the narrative arc of the Revolutionary War. I liked it despite having to say goodbye to beloved characters and I'm warming up to the new ones introduced that will follow their captain in the adventures to come.

Rick Byam: maintains to entertain and pleasure me.

Robert: loved this ebook a lot. It was once effortless to learn and was once a compelling read.

Scarlett Wilde: i like ancient nautical fiction and this e-book chuffed each literary wish I had. It has fast moving experience and good constructed characters. it truly is only a stylish booklet and that i loved it immensely.
