Description

She wants it. He's got it...and a whole lot more.

Maxwell Turner considers his stubborn and resourceful attitude a plus. After all, it usually gets him what he wants—except for Natasha Bellingham. The long-time family friend may be ten years older than he, but so what? He's plenty old enough to know they belong together. Now all he has to do is convince her. Over the past few years Natasha's love life has degenerated into a series of bad clichés. Her biological clock is ticking—loudly. As a proven architect with her own house-design company, she's financially ready for a baby. Who says she needs a permanent man in her life for that? She just needs a “donation”. When Max discovers Natasha's future plans include artificial insemination, he's outraged. She wants to get pregnant? No problem. He's more than willing to volunteer—no turkey basters involved. But there's one non-negotiable clause: He wants forever. And he intends to do everything in his power—fair and unfair—to make it happen. Warning: This title contains one younger man ready, aimed and hell bent on giving one woman everything she wants. Includes interludes against the wall, in a Jacuzzi, on a car hood and even—shockingly enough—on a bed or two. Oh, and about that porch swing? Yup...

Insightful reviews

Sarah: I would strongly suggest reading in wrong order. I read this book first. This first couple of pages lets slip of the brothers story. So I decided to read them in reverse that way one story led to the next. Both amazing story's. if u like this def try her wolf series out.

Mandi Schreiner: Favorite Quote: “Damn you for being a sex god, Maxwell Turner. Let's do it.”

Tasha can hear her biological clock ticking. At 34 years old, she wants to have a baby and has decided to go at it alone. As one last hurrah before she gives up coffee, sweets and alcohol, she goes out and drinks way too much. Very drunk, she spills her secret about her plans for having a child to her good friend Maxwell Turner.

Max has been very attracted to Tasha for a long time. But because he is only 24 and his family is good friends with her, he has never initiated a romantic relationship. But he now sees an opportunity. He offers himself to be the father – but he also offers marriage. He secretly wants this agreement to eventually turn to love, but tries to keep it low key as to not scare off Tasha. Tasha is very hesitant about this arrangement, but the stability for her and the eventual baby is too much for her to pass up

I've been wanting to try something by Vivian Arend for a long time so when Turn It Up came my way I grabbed it, even though this type of set up is not really my favorite. The idea of two best friends getting married so the girl can achieve her goal of having a baby is a little silly to me. Especially with their intent to remain in this marriage as friends for the rest of their lives (even though this is a romance book so you know that is not going to happen).

That aside, I really did find Turn It Up to be a cute book. I think the cover makes it look a little

dark but this is definitely not the case. This is more light-hearted with a geeky hero. Win!

I enjoy Vivian Arend's writing style. The characters are funny, very sexy, and entertaining. It took me a good while to warm up to Tasha. I needed a better understanding of why she is so scared of commitment sooner in the story. It wasn't until about 70% in until I realized or comprehended why she was afraid to show her true feelings to Max. Until then she came across as immature and confusing to me. She is the one that has been planning to have this baby for quite some time, Max learns about it in one night, and the next day he is the one with the plan and the one that never freaks out.

I enjoyed Max from the start. I love geeky heroes – he finished college when he was 17 and is into computers and games. But he is also super sexy and pursues and seduces Tasha in the most wicked of ways. I was surprised at how dirty, dirty the sex scenes are in this book. Tasha and Max have great chemistry and their romance is very cute yet very naughty. Hello to smex on Grandma's porch swing!

Tasha's best friend Lila is a great character in this book. She vehemently opposes their marriage and overall situation and I really enjoyed bringing that conflict in since everyone else in Max's large family seemed perfectly content with this sudden marriage and baby. I assume Lila is getting her own book and I look forward to it!

Turn It Up definitely turned me on to Vivian Arend. Cute story and I look forward to more.

Rating: B

Karen: I love the premise for this one. A 34 year old woman who hears her biological clock ticking and the 24 year old guy that has been hung up on her for forever. He sees his chance and makes a move.

Max and Tasha's banter is fantastic and overall this was a fun story.

The sex was sexy but at times felt forced, as in trying to fit in as many kinky sex scenes as possible to show how well they fit together as a couple. I'm all for hot sex but I tend to like more talking - and considering Tash's insecurities and Max's long standing crush for her, I guess I expected more with that. I'm not a fan of non stop sex but I know others are so that's more of a reading preference than a criticism.

Also, the build up was great but the second half meandered a bit. There isn't any real big conflict or showdown but it was a sweet story.

Sandi: She desires it. he is bought it...and plenty more. Turner Twins, e-book 2 Maxwell Turner considers his obdurate and ingenious angle a plus. After all, it always will get him what he wants- except for Natasha Bellingham. The long-time kin buddy can be ten years older than he, yet so what? he is lots the right age to understand they belong together. Now all he has to do is persuade her. Over the earlier few years Natasha's love lifestyles has degenerated right into a sequence of undesirable cliches. Her organic clock is ticking-loudly. As a confirmed architect

along with her personal house-design company, she's financially prepared for a baby. Who says she wishes an enduring guy in her existence for that? She simply wishes a "donation." When Max discovers Natasha's destiny plans comprise man made insemination, he is outraged. She desires to get pregnant? No problem. he is greater than keen to volunteer-no turkey basters involved. yet there is one non-negotiable clause: He wishes forever. And he intends to do every little thing in his power-fair and unfair-to make it happen. Warning: This name comprises one more youthful guy ready, aimed and hell bent on giving one lady every thing she wants. comprises interludes opposed to the wall, in a Jacuzzi, on a automobile hood and even-shockingly enough-on a mattress or two. Oh, and approximately that porch swing? Yup... She wishes it. He's obtained it...and an awful lot more. Turner Twins, ebook 2 Maxwell Turner considers his obdurate and imaginative perspective a plus. After all, it always will get him what he wants—except for Natasha Bellingham. The long-time relatives good friend will be ten years older than he, yet so what? He's lots the right age to understand they belong together. Now all he has to do is persuade her. over the last few years Natasha's love lifestyles has degenerated right into a sequence of undesirable clichés. Her organic clock is ticking—loudly. As a confirmed architect together with her personal house-design company, she's financially prepared for a baby. Who says she wishes an enduring guy in her existence for that? She simply wishes a "donation". while Max discovers Natasha's destiny plans contain man made insemination, he's outraged. She desires to get pregnant? No problem. He's greater than keen to volunteer—no turkey basters involved. yet there's one non-negotiable clause: He desires forever. And he intends to do every little thing in his power—fair and unfair—to make it happen. Warning: This identify comprises one more youthful guy ready, aimed and hell bent on giving one girl every little thing she wants. comprises interludes opposed to the wall, in a Jacuzzi, on a automobile hood and even—shockingly enough—on a mattress or two. Oh, and approximately that porch swing? Yup... evaluation "... Devilishly captivating story..." Sensual Reads"...a dating pushed tale that encompasses of my favourite themes, buddies to enthusiasts and a May/September romance..." Book enthusiasts Inc "Max is kind of probably essentially the most swoonworthy heroes i have examine in fresh memory..." Super Librarian booklet Description Maxwell often will get what he wants—except for long-time relations good friend Natasha Bellingham, who holds him at arm's length. So what if she's ten years older? They belong together. Natasha's organic clock is ticking, and she's financially prepared for a baby. Who says she wishes an enduring guy in her existence for that? In her experience, males spell ache and heartbreak. while Max discovers Natasha's making plans synthetic insemination, he's outraged. She desires to get pregnant? No problem. He's greater than prepared to volunteer—no turkey basters involved. yet there's one non-negotiable clause: he desires forever.

Patti TheLoveJunkee: You know, i am not frequently keen on the "I desire a baby" storyline, yet flip It Up used to be a lot more than that. i actually loved it. Natasha "Tasha" Bellingham is a 34-year-old architect who is determined she must have a child earlier than she's 35. because her string of loser boyfriends hasn't been very promising, she's determined to head a extra "clinical" route. because the tale opens, she's hung over from her "last hurrah" ahead of she settles down and starts a more fit and pregnancy-centric lifestyle. Maxwell Turner is the 24-year-old cousin of Natasha's top friend, Lila. he is had his points of interest set on Tasha due to the fact that he graduated from university at age 17, yet she's continuously rebuffed him. final night, however, after he drove them domestic from their night out, Tasha was once so inebriated she

advised him every little thing approximately Operation Baby. Max is aware this is often his probability to end up to her that he is the guy for her. Oh, those have been so excellent together! Max used to be so earnest and has enjoyed Tasha for therefore long, and Tasha has been burned too repeatedly to enable her center get damaged again. Max's huge and boisterous relatives contrasts with Tasha's estranged mom and absent father. Max does every thing he can to teach her that he may give her child, their baby - if she agrees, quite a bit love and devotion and a large, loving family. When Max and Natasha ultimately bought together, they have been hot! tremendous horny does not start to conceal it - those have been on hearth within the bedroom! and that i love that Max used that warmth for all it used to be worthy to wear out her self-imposed emotional walls. There wasn't any kind of villain or "horrible event" within the story, basically Tasha's self-doubts approximately becoming concerned with a more youthful guy and considering she will be able to by no means love again. Her state of affairs along with her ally Lila used to be unresolved, which i discovered frustrating, yet i will be able to additionally see the place that may take place in actual life. i actually cherished Max's immense family, specifically his dual sister Maxy, and wish we will be analyzing her tale soon. All in all, flip It Up was once a super-sweet romance with plenty of passion, an enthralling hero and a heroine who thinks she'll by no means locate love.

MaggieReadsRom: 4,25 stars
Memorable Scenes: - the dry hump scene on the building-site > wow...- porch swing scene > double wow...- ultrasound scene > candy and emotional
The ebook flip IT UP is a prequel to was once flip IT ON. i've got fond stories of flip IT ON because it used to be my first actual unsolicited ARC-review request and it was once my first come across and the start of an attractive bookish on-line dating with the incredible and gorgeous Vivian Arend. quickly after I reviewed flip IT ON in January 2010 i found (Viv advised me) Max's tale used to be within the making and from that second on i used to be anxiously expecting this story. whilst it used to be ultimately to be had and loaded onto my e-reader I learn it like a starved individual at an all-you-can consume buffet and that i wasn't disappointed. flip IT UP is the tale of Natasha "Tasha" Bellingham. a skilled architect who's additionally a little a control-freak and she or he loves to be dependable and on most sensible of things. She's cool, unflappable, pragmatic, bossy and let's now not fail to remember as obdurate as they come. Her co-star is Maxwell "Max" Turner who owns Computer-software Company. Max is caring, sweet, laidback, shrewd permanent and so much of all very patient. the guy has the persistence of a saint and matched together with his tenacity Tasha by no means stood an opportunity opposed to his persuasive and seductive powers! Max has been in love and pursuing Tasha for the reason that he used to be 17. whilst in a drunken stupor she shall we it slip she desires to begin a relations by means of changing into a unmarried mother he grabs his probability to eventually get his woman. Max and Tasha have been an ideal fit and that i fairly loved their story. Banter and little inner emotional battles alternated with sexual chemistry that simply go off the pages. i used to be sucked in from first web page to the final and rooting for optimum the entire way. If you learn my stories or understand me good adequate to grasp my studying personal tastes you'll be ailing of listening to that considered one of my favourite tropes is the older woman-younger guy trope. i've got a couple of others, corresponding to the friends=to=lovers and the ménage tropes and Vivian Arend once more mixed of my favourite tropes right into a great modern read. One itty-bitty factor that me during this publication was once the Lila (Tasha's pal and Max's cousin) situation. I saved anticipating a logical reason for her habit and perspective however the just one given used to be simple age-old jealousy and because it's not that i am accustomed to that

emotion and imagine being jealous is a waste of time I couldn't relate to her greatly and took Tasha's facet within the "fight" to the very end. this can be certainly one other considered one of my favourite Vivian Arend books. It had it all: warmth and explicitness, pace, tropes i admire and major characters I absolutely clicked with, a hero who shot to the pinnacle of my favorites checklist and final yet now not least the correct quantity of back-story and secondary stuff to create an ideal balance. Thank you, Ms. Arend for once more holding me entertained and for by no means disappointing me while I open one among your books to read. favourite Quotes:Max sank his palms into her thick mane of darkish hair and allow his pride break out in a low moan. God, he'd desired to do this forever, and final evening refusing her sexual advances had taken him to the breaking point. He wanted this so badly he felt uncooked inside, aching with desire for a style of her.His mind and physique fought a conflict for which can react the fastest. She was once accepting his proposal. He used to be going to be with the lady he'd longed for his complete life. They have been going to have intercourse and begin an entire life together. and feature sex.Max: "You inform me what you love and I'm online game to try." "Jesus . how are you going to speak whereas you're fooling around?"(...) "I like conversing whilst I'm fooling around. i love to inform you the soiled issues i need to do to you. you are making me hot."Tasha growled at him. "Bastard. i used to be so close." "I know, yet you'll get there again. And again. And again."Tasha ached as Max wept, his fingers cradling her tenderly. That whatever within that longed for a love with out end—that position she'd had tied up tight and hidden away fearing it can never, ever be—snapped broad open.Tasha wiped away the tears flooding her eyes. there has been not more denying it—how a lot she enjoyed him. It had taken some distance too lengthy to confess it, however it was once there, inside of her. No rockets went off, no loud thunderclaps or awesome fanfare followed her realization. in basic terms tightness in her throat, and a construction pleasure to soften the ultimate layers of icy worry that had lined her center for thus long. Rating: 8.7 out of 10 - nice READ!
