Description

Following in the footsteps of **Dr. Wayne Dyer's** first children's book, the bestseller *Incredible You!* this work goes even further toward expressing Wayne's positive message for children. In *Unstoppable Me!* Dr. Dyer teaches children how to hold on to the no-limit thinking he believes they were born with, rather than just trying to "fit in." In doing so, they can learn to truly enjoy life and become unstoppable as they strive to attain their dreams. The 10 important lessons in this book include the value of taking risks, dealing with stress and anxiety, and learning to enjoy each moment. Each point includes an example showing how a child might apply the concept in his or her everyday life. Similar to *Incredible You!* there are questions at the end of the book to help spark discussion and to further reinforce Wayne's message.

Insightful reviews

Allyson: Read this to your kids! Important lessons for kids of all ages :)

Judith: Wayne Dyer's kids books have great principles. I don't know how good they are for young children. The poetry and drawings are so fun. I suggested to my daughter that she could take 20 minutes to explain each principle to her 4 year old. Then I think she would need to reiterate the talks until he lived them. Things like bullying that children have to put up with in life can be bearable and dismissed by understanding what Dyer is talking about. It's easy for me to understand the book because I've been studying his adult books and listening to his CDs and interviews. Try one and see if your child will be able to comprehend Dyer's books.

Teresa: Great book for kids! Boost their self-esteem, tells kids that they can accomplish anything they put their heart into!

Melissa: This used to be a very good ebook for my kids. I learn it to them as frequently as I can.

Elisha: This e-book is an grand source for children for loving themselves throughout the stable and bad. My favourite half is bankruptcy 6, Peace starts with you, whilst the boy is mad at his brother simply because he stepped on an ant hill, yet rather than hitting him, he performs with him properly and is going on his tire swing, instead. I realized from this that even if we get angry, we should always be great to a person regardless of what. should you make peace with someone, it is helping ache and unfavorable suggestions shift clear of you and the opposite person. If guns, knives, and bombs did not exist during this world, we'd be able to make peace with animals and diverse nationalities extra easily. I additionally love the illustrations! they're vivid and colourful and intensely descriptive in case you learn the rhymes. i like to recommend this ebook for a person with little ones (or expecting), it is helping little ones and adults love themselves, decide on what they suspect is right, and to aim new things.

Lisa Day: Wayne Dyer for kids...what might be better.
